# Gulf Security Into The 1980s Perceptual And Strategic Dimensions

**Mohammad Amin Malik**

## **Gulf Security Into The 1980s Perceptual And Strategic Dimensions:**

*Gulf Security Into the 1980s* Robert G. Darius, John W. Amos, Ralph H. Magnus, 1984 Om de forskellige trusler mod sikkerheden i omr det omkring Den persiske Havbugt f eks om Sovjetunionens invasion i Afghanistan og om Khomeni styrets hensigter og Irakisk Iranske krig men ogs om The Gulf Corporation og hvilke trusler der synes rettet imod firmaet samt om USA s udenrigspolitik og interesser i omr det

**Saudi Arabia, the West and the Security of the Gulf** Mazher A. Hameed, 2025-04-01 Saudi Arabia the West and the Security of the Gulf 1986 considers the geopolitical environment of the Arab Gulf and the nature and threats to Western interests in the region It also examines the political economic and other Gulf resources that can be marshalled to protect those interests

**The Gulf and International Security** Mohammed E. Ahrari, 1989-06-18 A perspective on the countries involved in the Gulf conflict dealing with the oil price dynamics the Reagan administration s dealings with Saudi Arabia Gorbachev s new politics and its implications conflicts among the Arab sheikhdoms and the impact of the Iran Iraq War

**Western Strategic Interests in Saudi Arabia (RLE Saudi Arabia)** Anthony Cordesman, 2020-07-26 Saudi Arabia s strategic relations with the West involve clear and direct common strategic interests in the Gulf and in the Near East While they compete in terms of trade and oil prices they share a common commitment to private enterprise and to maintaining a stable balance of world trade Saudi Arabia often differs with given Western states in terms of specific strategic interests and tactics but these differences are rarely significant enough to prevent close cooperation Even the differences over the Arab Israeli peace issue are largely ones of timing and tactics Saudi Arabia must preserve friendly relations with Syria and is vulnerable to attacks by Arab radicals and Iran It has also differed with the US over the specific approach that should be taken to achieving an Arab Israeli peace settlement but it has consistently pushed for a peace settlement within the Arab world This book first published in 1987 analyses the interrelations between Western and Saudi strategic concerns and argues forcibly that pressure from the Israeli lobby within US domestic politics must not be allowed to interfere within the proper provisioning of the Saudi armed forces especially the air force

*Gulf Security Into the 1980s* Robert G. Darius, John W. Amos, Ralph H. Magnus, 1984 Om de forskellige trusler mod sikkerheden i omr det omkring Den persiske Havbugt f eks om Sovjetunionens invasion i Afghanistan og om Khomeni styrets hensigter og Irakisk Iranske krig men ogs om The Gulf Corporation og hvilke trusler der synes rettet imod firmaet samt om USA s udenrigspolitik og interesser i omr det

**The Gulf And The West** Anthony H Cordesman, 2019-06-26 This book examines the military capabilities of various potential threats the capabilities of Saudi Arabia and other friendly Gulf states and the capabilities of Western power projection forces

**Dynamics of Change in the Persian Gulf Political Economy, War and Revolution** Anoushiravan Ehteshami, 2013 The Persian Gulf has come to represent one of the most strategically significant waterways of the world In terms of geography geopolitics resources global political economy and regional influence the Gulf is perhaps home to the world s most significant group of countries Focusing on the complexities of the

interplay between domestic level changes and region wide interactions this book presents the reader with the first comprehensive survey of the dynamics of change in this crucial area Systemic oriented in its approach the impact of war and revolution on the countries of the sub region is discussed and the ways in which these factors have shaped the security dilemmas and responses of the Gulf States is also explored The role of oil is examined in terms of the impact of its income on these states and societies and the manner in which oil has shaped the integration of these states into the global system Oil has shrunk developmental time in these countries and has accelerated generational shift At the same time it has created the dialectical relationship which now characterizes the difficult balance between prosperity and instability which is at the heart of the sub region Casting new light on the workings of a strategically significant part of the international system this book will be an essential resource for students and scholars of international relations international security and Middle Eastern politics

Oil and Development in the Arab Gulf States Walid I. Sharif, 2023-10-12 Oil and Development in the Arab Gulf States 1985 brings together in one volume the manifold sources of information on the Arab Gulf region especially the impact of oil revenues on its economic political and social development It provides a balanced core of primary and secondary sources on various aspects of the economics of Arab oil between 1973 and 1983

**The Persian Gulf War** Christopher C. Joyner, 1990-08-21 Although the stability of the Persian Gulf region has been of rising importance since World War II it was during the 1980s when the Iran Iraq War threatened to upset the balance of power in the region that its importance became even more magnified This collection of essays surveys the current state of that region placing into clearer perspective the political security and diplomatic dimensions of the recently ended war By reevaluating the political landscape of the Gulf the book produces a gauge for better assessing those factors and forces that affected the conflict s outcome and that will continue to influence future political and security developments in the region The volume begins with an introduction by the editor that examines the geography of the Gulf and the primary geopolitical factors that influenced perceptions of the region during the war The essays are then divided into two sections covering Strategic and Political Dimensions and Diplomatic and Legal Dimensions Topics covered in the first section include the roots of the crisis Soviet Israeli and Arab Gulf states interests in the conflict U S policy in the region and the role of U S military forces Section two discusses the reflagging of Kuwaiti tankers the United Nations involvement and the cease fire negotiations The book concludes with a selected bibliography and an index This study will be an important resource for courses in political science diplomacy and Mid East history as well as a significant addition to both public and university libraries

**The Internationalization of Communal Strife (Routledge Revivals)** Manus I. Midlarsky, 2014-06-03 First published in 1992 this edited collection argues that conflicts have a growing tendency both to intensify and to lengthen thus increasing the likelihood of external actors being drawn into the on going violence Here leading experts in comparative and international politics examine this tendency of communal conflicts to spill over into the international arena They also look at the conditions under which these processes do

not occur and are mediated successfully The authors combine theoretical perspectives with case studies covering examples from the origins of the First World War to state building in Iraq and whether it was a precursor of the Iran Iraq War and the Gulf Crisis They present both a global overview and a focus on the state as the single most important intermediary in the internationalization process A comprehensive and relevant reissue this volume will appeal to students and scholars of International Relations Comparative Politics and Strategic Studies

**A History of Saudi Arabia** Madawi al-Rasheed, 2002-07-11 Saudi Arabia is a wealthy and powerful country which wields influence in the West and across the Islamic world Yet it remains a closed society Its history in the twentieth century is dominated by the story of state formation After the collapse of the Ottoman Empire Ibn Sa'ud fought a long campaign to bring together a disparate people from across the Arabian peninsula In 1932 the Kingdom of Saudi Arabia was born Madawi al-Rasheed traces its extraordinary history from the age of emirates in the nineteenth century through the 1990 Gulf War to the present day She fuses chronology with analysis personal experience with oral histories and draws on local and foreign documents to illuminate the social and cultural life of the Saudis This is a rich and rewarding book which will be invaluable to students and to all those trying to understand the enigma of Saudi Arabia

**Professional Journal of the United States Army**, 1985

**Statecraft in the Middle East** Imad Mansour, 2016-09-27 What role do ideas play in state building and state activity This book argues that government policies in both foreign relations and domestic politics must always be situated within a broader ideological and societal context Imad Mansour analyses how governments in the contemporary Middle East have governed internally and acted externally based on societal narratives which bring together a variety of ideas about a society's history and place in the world He argues that there is a dominant societal narrative that acts as a primary building block of statecraft where statecraft is understood as an ongoing set of local regional and global state building processes Mansour investigates the ways in which statecraft in the Middle East has been guided by narratives through a close historical reading and comparative discussion of the political activity of six states Egypt Israel Syria Turkey Saudi Arabia and Iran in the second half of the twentieth century and the early twenty-first century His book demonstrates the analytical power of narratives in understanding statecraft and explains why governments' decisions need to be understood in complex ways

**The Gulf Cooperation Council** Rouhollah K. Ramazani, Joseph A. Kechichian, 1988 If there has been a gap in the knowledge of the GCC this book now fills it This volume presents the essential information schematically with sound comment by the author and includes a rich collection of documents

**Gulf Co-operation Council, a Strategic Perspective** Mohammad Amin Malik, 1999

*The USSR and Iraq* Oles M. Smolansky, 1991 In *The USSR and Iraq* the first major study of Soviet-Iraqi relations Oles M. Smolansky examines the history of the relationship between these two countries during the past twenty years and attempts to dispel the misconception that the Soviet Union has enjoyed undue influence over Iraq Drawing on ten years of research in Western Arab and Soviet sources Smolansky analyzes the complex issues at the center of Soviet-Iraqi

relations from 1968 through 1988 including the nationalization of the oil industry the Kurdish question the Iraqi Communist Party the affairs of the Persian Arabian Gulf and ultimately the war between Iraq and Iran Smolansky concludes that Iraq has never been under the dominant influence of Moscow nor has it even been a loyal Soviet ally In fact Iraq has managed to reap major benefits from the relationship without losing its autonomy or sacrificing its major interests The author discusses the Soviet Union and Iraq within the larger framework of the nature of influence relationships between great and small powers

How Enemies Become Friends Charles A. Kupchan, 2012-03-25 How nations move from war to peace Is the world destined to suffer endless cycles of conflict and war Can rival nations become partners and establish a lasting and stable peace How Enemies Become Friends provides a bold and innovative account of how nations escape geopolitical competition and replace hostility with friendship Through compelling analysis and rich historical examples that span the globe and range from the thirteenth century through the present foreign policy expert Charles Kupchan explores how adversaries can transform enmity into amity and he exposes prevalent myths about the causes of peace Kupchan contends that diplomatic engagement with rivals far from being appeasement is critical to rapprochement between adversaries Diplomacy not economic interdependence is the currency of peace concessions and strategic accommodation promote the mutual trust needed to build an international society The nature of regimes matters much less than commonly thought countries including the United States should deal with other states based on their foreign policy behavior rather than on whether they are democracies Kupchan demonstrates that similar social orders and similar ethnicities races or religions help nations achieve stable peace He considers many historical successes and failures including the onset of friendship between the United States and Great Britain in the early twentieth century the Concert of Europe which preserved peace after 1815 but collapsed following revolutions in 1848 and the remarkably close partnership of the Soviet Union and China in the 1950s which descended into open rivalry by the 1960s In a world where conflict among nations seems inescapable How Enemies Become Friends offers critical insights for building lasting peace

**Conflict and War in the Middle East** Bassam Tibi, 1998-09-28 Few studies of Middle East wars go beyond a narrative of events and most tend to impose on this subject the rigid scheme of superpower competition The Gulf War of 1991 however challenges this view of the Middle East as an extension of the global conflict The failure of the accord of both superpowers to avoid war even once regional superpower competition in the Middle East had ceased must give rise to the question Do regional conflicts have their own dynamic Working from this assumption the book examines local regional constraints of Middle East conflict and how through escalation and the involvement of extra regional powers such conflicts acquire an international dimension The theory of a regional subsystem is employed as a framework for conceptualising this interplay between regional and international factors in Tibi's examination of the Middle East wars in the period 1967-91 Tibi also provides an outlook into the future of conflict in the Middle East in the aftermath of the most recent Gulf War

**Security in the Persian Gulf** G. Sick, L. Potter, 2002-01-11 This book is a follow up volume to

the acclaimed *The Persian Gulf at the Millennium Essays in Politics Economy Security and Religion* published by St Martin s Press in 1997 The same editors who direct the Gulf 2000 Project at Columbia University have assembled a number of leading experts on the Persian Gulf to reflect on factors affecting security there in the twenty first century Most contributors are from the region itself and for the first time share the results of ongoing research with an outside audience The chapters profile the diverse society in the Gulf and the historical pattern of Gulf security before focusing on current security concerns between Iran and the Arab states They explore the mutual perceptions of the peoples of the Gulf today and the role of the new generation in shaping its future      *United States Foreign Policy and the Middle East/North Africa* Sanford R. Silverburg, Bernard Reich, 2015-07-16 This bibliography first published in 1990 is a result of a quarter century professional and personal relationship between two academics interested in Middle East studies The comprehensive bibliography consists of western primarily English language sources published through 1988 and early 1989 concerning foreign policy toward the Middle East and North Africa during the twentieth century Included are materials that deal directly with the topic material that has appeared in published form ie books monographs essays and articles Also included are some non published items most importantly American and British doctoral dissertations and master s theses
