

Gun Control Movement

Gregg Lee Carter

Gun Control Movement:

The Gun Control Movement Gregg Lee Carter, 1997 Examines American attitudes about gun control how those attitudes reflect the gun control movement and the future of gun control in the United States **Disarmed** Kristin A. Goss, 2006 Publisher Description **Gun Control in the United States** Gregg Lee Carter, 2017-01-23 This up to date second edition work will stimulate and clarify readers thinking on the key issues surrounding guns in the United States especially on the debate over gun control Most public debate and discussion about guns in U S society is rarely guided by research not surprising as most individuals have a personal opinion on this highly inflammatory topic based on their upbringing or personal experiences Additionally most research about gun use in America is confusing and contradictory making it difficult for citizens to gain much from their attempts to investigate the topic objectively This book offers concise understandable coverage of all aspects of the issue including incidence of gun violence gun control gun rights government regulation legislation and court decisions gun organizations for gun control and for gun rights gun enthusiast subcultures for example hunters target shooters and collectors and U S attitudes toward guns Many of the covered topics are placed in historical and cross cultural perspective The new edition of *Gun Control in the United States A Reference Handbook* enables the reader to navigate and interpret the research to become sufficiently educated on any specific aspect of the gun issue to make an informed decision for example whether to support stricter or more lenient gun control whether to become a gun owner whether to support a particular political party or candidate or whether to develop or to refine a particular philosophy regarding guns Other aspects of the contemporary gun debate that are addressed include whether the Supreme Court's ruling that the Second Amendment guarantees an individual right will withstand future challenges whether the strong gun regulations used in Europe would be effective and applicable in reducing gun violence in the United States and whether the diversity explosion created by the high rate of immigration from countries where guns are strictly controlled will soon change the politics of the U S gun control debate *Gun Control* Kekla Magoon, 2007-08-01 Discusses the controversial viewpoints regarding gun control *Gun Studies* Jennifer Carlson, Kristin Goss, Harel Shapira, 2018-12-07 As cultural social political and historical objects guns are rich with complex and contested significance What guns mean why they matter and what policies should be undertaken to regulate guns remain issues of vigorous scholarly and public debate *Gun Studies* offers fresh research and original perspectives on the contentious issue of firearms in public life Comprising global interdisciplinary contributions this insightful volume examines difficult and timely questions through the lens of Social practice Marketing and commerce Critical theory Political conflict Public policy Criminology Questions explored include the evolution of American gun culture from recreation to self protection the changing dynamics of the pro gun and pro regulation movements the deeply personal role of guns as sources of both injury and security and the relationship between gun wielding individuals the state and social order in the United States and abroad In addition to introducing new research *Gun Studies* presents

reflections by senior scholars on what has been learned over the decades and how gun related research has influenced public policy and everyday conversations Offering provocative and often intimate perspectives on how guns influence individuals social structures and the state in both dramatic and nuanced ways Gun Studies will appeal to students and researchers interested in fields such as sociology political science legal history criminology criminal justice social policy armaments industries and violent crime It will also appeal to policy makers and all others interested in and concerned about the use of guns

The Triumph of the Gun-Rights Argument Harry L. Wilson, 2015-01-16 Taking the bold position that the battle over gun control has already been won by the pro gun rights faction this book will be equally informative to those immersed in the debate and those new to it Gun control evokes passions equaled by few other subjects As this book shows the debate over firearms begins with cultural values and extends into questions of constitutional rights public health and safety and politics Examining its subject through the prism of the Sandy Hook shootings the book looks at the influence of elected officials the courts interest groups and average citizens in shaping gun control laws It shares poll results detailing what the public really thinks about guns and why and it explains the various components of gun policy and policymaking to show how they come together to form the current reality While small skirmishes about the right to bear arms will continue for some time the author a self described gun owning academic asserts that changing public opinion Supreme Court decisions dominance of gun rights interest groups the Democratic Party's virtual withdrawal from the discussion and a declining violent crime rate have formed a perfect storm resulting in the effective end of the gun control debate This assertion and the thoughtful examination that leads to it will be of equal interest to those engaged in the argument and those researching it for the first time

Politics of Gun Control Robert J. Spitzer, 2015-11-17 The new edition of this classic text covers the latest developments in American gun policy including shooting incidents plaguing the American landscape especially Sandy Hook the Colorado theatre shootings and the tragic death of Trayvon Martin placing them in context with similar recent events The incidents described in the book sparked a wave of gun control legislation at local state and national levels some of which was successful some doomed and all controversial At the national level President Obama put his political capital on the line to push for new gun control measures only to see them shot down by Congress Robert J Spitzer has long been a recognised authority on gun control and gun policy His even handed treatment of the issue as both a member of the NRA and the Brady Center continues to compel national and international interest including interviews by the likes of Terry Gross Tom Ashbrook and Diane Rehm This sixth edition of The Politics of Gun Control provides the reader with up to date data and coverage of gun ownership gun deaths school shootings border patrols and new topics including social media stand your ground laws magazine regulation and shooting related mental health initiatives

The Politics of Gun Control Robert J. Spitzer, 2023-08-10 Since its initial publication this book has become the classic work on every important element of the tumultuous national gun debate in America This new edition brings together the latest developments and research in gun

politics policy law history and criminology to provide a comprehensive and accessible source widely used by scholars journalists and in classrooms In this era of polarized politics this book provides a unique window into how and why that polarization drives our politics Among the new topics covered in this edition are the Bipartisan Safer Communities Act new Supreme Court protections for concealed carry permits and the impacts of the COVID 19 pandemic on gun violence and policy New to the Ninth Edition Examines current gun control legislation at both state and federal levels particularly the circumstances that lead to the passage of the Bipartisan Safer Communities Act in 2022 Introduces the new constitutional standards for gun control legislation set by the controversial pro Second Amendment Supreme Court ruling in New York State Rifle Pistol Association v Bruen 2022 Provides expanded and updated consideration on related issues including the rise of gun carry movements on college campuses attempts to regulate ghost guns bump stocks and guns with high capacity magazines 50 caliber sniper rifles and the impacts of the COVID 19 pandemic the January 6 Capitol Attack and the Black Lives Matter movement on contemporary gun control debates Tracks the financial political and legal crises that threaten the dominance of the National Rifle Association and examines the rise of new gun rights groups such as the National Association for Gun Rights Presents new and updated statistical research on gun ownership in America gun related fatalities public opinion support of red flag laws and other gun control measures Incorporates new pedagogical features of chapter summaries and discussion questions into each chapter

The Gun Debate Philip J. Cook, Kristin A. Goss, 2014-04-01 The Gun Debate What Everyone Needs to Know takes readers on a tour of the issues that Americans debate when they talk about guns The volume includes information on gun control pertaining to U S history jurisprudence cultural beliefs political agendas epidemiological data criminology law and regulation and policy effectiveness

The Gun Control Debate Lianna Tatman, 2019-07-15 The recent sharp rise in school shootings in the United States has kept the gun control debate going However for many people it is an emotional topic making much of the information that people hear in the media or from friends and family members biased in one way or another Understanding the history of gun laws in America and the realities of both sides of the issue is pivotal Up to date statistics annotated quotes from experts and real world examples contextualize the arguments surrounding this complex issue This knowledge allows young adults to become informed participants in the gun control debate

Gun Control The New York Times Editorial Staff, 2018-12-15 With the spate of mass shootings in schools and crowded public venues in recent decades gun control in the United States has become a perennial topic in the national conversation Conflicts in the debate on gun control include the Second Amendment the NRA common sense gun laws public safety and more Through this collection of articles readers will witness how the discussion of gun control has evolved from the 1960s through today from the political assassinations of significant figures such as John F Kennedy and Martin Luther King Jr to the Orlando nightclub massacre and the school shooting in Parkland Florida in 2018

Guns, Gun Control, and Elections Harry L. Wilson, 2007 Gun related violence remains an intractable problem despite a decline in the

past decade Some believe the solution lies in stricter gun control laws while others think these measures would be ineffective or counter productive

Guns Gun Control and Elections examines current gun control policy and explains how it was adopted by discussing the roles and interactions of elected officials interest groups political parties and the public Original research on media coverage and public opinion as well as a chapter on state policy Virginia make the book both informative and accessible The book focuses on the utility of gun policy and its discussion of policy impact is grounded in real world politics The author highlights the importance of gun control in the presidential elections of 2000 and 2004 as well as in some U S Senate and statewide campaigns

Gun Control Jennifer MacKay,2013-04-12 According to the Mass Shooting Tracker there have been 1 744 mass shootings in the United States since 2013 The Second Amendment grants citizens of the United States the right to bear arms but gun control laws vary from state to state Many people lobby for stricter federal gun control in order to curb gun related deaths while others perceive regulation as an infringement on rights This timely edition takes a look at one of the most contested issues in American government and society today the policing and regulation of firearms Individual chapters will cover the history of gun control in the United States the spectrum of opinions on firearms regulation the meaning of the Second Amendment arguments in favor of and those against tighter gun control and various types of legislation being considered

Tragedy in Aurora Tom Diaz,2019-10-31 Tragedy in Aurora is about the 2012 murder of budding sports journalist Jessica Jessi Redfield Ghawi in a public mass shooting and the widening circle of pain it inflicted on her family friends police medical first responders and others The book is at the same time a deep examination of the causes and potential cures of the quintessential 21st century American sickness public mass shootings At the heart of that examination is an unpacking of America s deep polarization and political gridlock It addresses head on the question of why Why is American gun violence so different from other countries Why does nothing seem to change The Parkland kids inspired hope of change But the ultimate questions stubbornly remain what should what can and what will Americans do to reduce gun violence Tragedy in Aurora argues that the answer lies in a conscious cultural redefinition of American civic order Over recent decades America has defined a cultural new normal about guns and gun violence Americans express formalistic dismay after every public mass shooting But many accept gun violence as an inevitable even necessary and to some laudable part of what it means to be American Although Americans claim to be shocked with each new outrage so far they have failed to coalesce around an effective way to reduce gun death and injury The debate is bogged down in polarized and profoundly ideological political and cultural argument Meanwhile America continues to lead the globe in its pandemic levels of gun deaths and injuries Combined with the cynical learned helplessness of its politicians the result is gridlock and a growing roll of victims of carnage Is there a path out of this cultural and political gridlock Tragedy in Aurora argues that if America is to reduce gun violence it must expand the debate and confront the fundamental question of who are we Tom Diaz gives a new understanding of American culture and the potential for change offered by the growing number and ongoing organization of

victims and survivors of gun violence Without conscious cultural change the book argues there is little prospect of effective laws or public policy to reduce gun violence in general and public mass shootings in particular **Handgun Crime**

Control, 1975-1976: Oversight of 1968 Gun Control Act United States. Congress. Senate. Committee on the Judiciary. Subcommittee to Investigate Juvenile Delinquency,1976 **First They Came for the Gun Owners** Mark W.

Smith,2019-10-29 Bestselling author and attorney Mark W Smith exposes the all encompassing nature of the anti gun lobby s attack on the right to keep and bear arms and how it serves as a proxy to empower government to control other important aspects of our lives Smith notes that it s no accident that the people who oppose the Second Amendment also argue for bigger government in other areas as well as favoring sharp limits on free speech and property rights Taken together it is an all encompassing attack on individual liberties by those who consider themselves intellectually and morally superior to average Americans Smith makes a compelling and urgent case that protecting and preserving our right to bear arms is an imperative for all who value freedom whether you own a gun or not *Ideas and Movements That Shaped America* Michael

Green,Scott L. Stabler,2015-07-28 America was founded on bold ideas and beliefs This book examines the ideas and movements that shaped our nation presenting thorough accessible entries with sources that improve readers understanding of the American experience Presenting accessibly written information for general audiences as well as students and researchers this three volume work examines the evolution of American society and thought from the nation s beginnings to the 21st century It covers the seminal ideas and social movements that define who we are as Americans from the ideas that underpin the Bill of Rights to slavery the Civil Rights movement and the idea of gay rights even if U S citizens often strongly disagree on these topics Organized topically rather than chronologically this encyclopedia combines primary sources and secondary works or historical analyses with text describing the ideas and movements in question In addition each entry includes a list of suggestions for further reading that directs readers to supplementary sources of information The set s unique perspective serves to depict how American society has evolved from the nation s beginnings to the present revealing how Americans as a people have acted and responded to key ideas and movements *Gun Laws and the Need for*

Self-defense United States. Congress. House. Committee on the Judiciary. Subcommittee on Crime,1996 **50 Influential Histories of Social Movements in 7 Minutes Each** Nietsnie Trebla, 50 Influential Histories of Social Movements in 7 Minutes Each In a world shaped by waves of social change 50 Influential Histories of Social Movements in 7 Minutes Each provides a concise yet powerful exploration of pivotal movements that have shaped our society This book offers a brief but comprehensive overview of 50 influential social movements each presented in an engaging 7 minute read With a focus on the struggles victories and lessons learned the book serves as both an introduction for newcomers and a refresher for seasoned activists From the Suffragette Movement advocating for women s right to vote to the Black Lives Matter Movement fighting for racial justice today each chapter examines the key figures events and societal impacts of these movements The book
