## **Gunmakers Of London:**

**British Gunmakers: Historical data on the London gun trade in the nineteenth and twentieth centuries** Nigel Brown, 2004 One of the most important aspects of the British Gunmakers series of books has been the compilation of the past and existing records of the many gunmaking firms and the setting down of the historical facts known about them before they get lost in the mists of time No such collection just like a cartridge collection can ever be complete but this volume in conjunction with the first two is undoubtedly the best printed source of such historical record information available anywhere in the world **Gunmakers of London, 1350-1850. Supplement** Howard L. Blackmore, 1999 **The Gun Makers of**

**Birmingham, 1660-1960** Joseph McKenna, 2021-03-19 Tracing the history and development of gun making in Birmingham England for many years a center of the world's firearms industry this book covers innovations in design and manufacture of both military and sporting arms from 1660 through 1960 The city is perhaps best known for mass producing some of the most battle tested weapons in history including the Brown Bess musket the Webley revolver and the Lee Enfield rifle Yet Birmingham's gun makers have carried on a centuries long tradition of crafting high quality hand made sporting guns

**Challenging Orthodoxies: The Social and Cultural Worlds of Early Modern Women** Melinda S. Zook, 2016-04-15 Offering a broad and eclectic approach to the experience and activities of early modern women Challenging Orthodoxies presents new research from a group of leading voices in their respective fields Each essay confronts some received wisdom truth or orthodoxy in social and cultural scientific and intellectual and political and legal traditions to demonstrate how women from a range of social classes could challenge the conventional thinking of their time as well as the ways in which they have been traditionally portrayed by scholars Subjects include women's relationship to guns and gunpowder the law and legal discourse religion public finances and the new science in early modern Europe as well as women and indentured servitude in the New World A testament to the pioneering work of Hilda L Smith this collection makes a valuable contribution to scholarship in women's studies political science history religion and literature [The Case of the Gun-makers, London](#)

**Worshipful Company of Gunmakers of the City of London, 1706** **Gun Culture in Early Modern England** Lois G. Schwoerer, 2016-05-30 Guns had an enormous impact on the social economic cultural and political lives of civilian men women and children of all social strata in early modern England In this study Lois Schwoerer identifies and analyzes England's domestic gun culture from 1500 to 1740 uncovering how guns became available what effects they had on society and how different sectors of the population contributed to gun culture The rise of guns made for recreational use followed the development of a robust gun industry intended by King Henry VIII to produce artillery and handguns for war Located first in London the gun industry brought the city new sounds smells street names shops sights and communities of gun workers many of whom were immigrants Elite men used guns for hunting target shooting and protection They collected beautifully decorated guns gave them as gifts and included them in portraits and coats of arms regarding firearms as a mark of status

power and sophistication With statutes and proclamations the government legally denied firearms to subjects with an annual income under 100 about 98 percent of the population whose reactions ranged from grudging acceptance to willful disobedience Schwoerer shows how this domestic gun culture influenced England s Bill of Rights in 1689 a document often cited to support the claim that the Second Amendment to the United States Constitution conveys the right to have arms as an Anglo American legacy Schwoerer shows that the Bill of Rights did not grant a universal right to have arms but rather a right restricted by religion law and economic standing terms that reflected the nation s gun culture Examining everything from gunmakers records to wills and from period portraits to toy guns Gun Culture in Early Modern England offers new data and fresh insights on the place of the gun in English society *The Huguenot Gunmakers of London* John Forrest Hayward,1968 *The Builder* ,1920 **Gunmakers of London** Howard L. Parliament. House of Commons,1877 *Empire of Guns* Priya Satia,2018-04-10 NAMED ONE OF THE BEST BOOKS OF 2018 BY THE SAN FRANCISCO CHRONICLE AND SMITHSONIAN MAGAZINE By a prize winning young historian an authoritative work that reframes the Industrial Revolution the expansion of British empire and emergence of industrial capitalism by presenting them as inextricable from the gun trade A fascinating and important glimpse into how violence fueled the industrial revolution Priya Satia s book stuns with deep scholarship and sparkling prose Siddhartha Mukherjee Pulitzer Prize winning author of *The Emperor of All Maladies* We have long understood the Industrial Revolution as a triumphant story of innovation and technology *Empire of Guns* a rich and ambitious new book by award winning historian Priya Satia upends this conventional wisdom by placing war and Britain s prosperous gun trade at the heart of the Industrial Revolution and the state s imperial expansion Satia brings to life this bustling industrial society with the story of a scandal Samuel Galton of Birmingham one of Britain s most prominent gunmakers has been condemned by his fellow Quakers who argue that his profession violates the society s pacifist principles In his fervent self defense Galton argues that the state s heavy reliance on industry for all of its war needs means that every member of the British industrial economy is implicated in Britain s near constant state of war *Empire of Guns* uses the story of Galton and the gun trade from Birmingham to the outermost edges of the British empire to illuminate the nation s emergence as a global superpower the roots of the state s role in economic development and the origins of our era s debates about gun control and the military industrial complex that thorny partnership of government the economy and the military Through Satia s eyes we acquire a radically new understanding of this critical historical moment and all that followed from it Sweeping in its scope and entirely original in its approach *Empire*
