The Image of War, 1861-1865: The guns of '62 ,1981 **The Court Martial of Robert E. Lee** Douglas

Savage,2014-03-07 On the first day of July 1863 Robert E Lee s Army of Northern Virginia accidentally crossed swords with George Gordon Meade s federal Army of the Potomac They clashed at a tiny Pennsylvania crossroads called Gettysburg Three days later at least 22 000 Confederate men and boys were dead wounded or captured and the Yankees held the field when the river of bloodshed finally stopped Gettysburg was General Lee s worst defeat on an open field of battle In The Court Martial of Robert E Lee a discouraged Confederate Congress summons General Lee to Richmond in December 1863 to face a board of inquiry on the Battle of Gettysburg Through this speculative board of inquiry the reader is drawn into the true history of the Army of Northern Virginia and the real political personalities and true political intrigue of Richmond in 1863 Will General Lee be relieved of command Perhaps sent into retirement borne of catastrophic failure leaving behind forever his beloved Army of Northern Virginia The reader feels his pain and the anguish of a defeated general who wrote four months after Gettysburg that My heart and thoughts will always be with this army The Class of 1846 John C. Waugh,2010-12-29 No single group of men at West Point or possibly any academy has been so indelibly written into history as the class of 1846 The names are legendary Thomas Stonewall Jackson George B McClellan Ambrose Powell Hill Darius Nash Couch George Edward Pickett Cadmus Marcellus Wilcox and George Stoneman The class fought in three wars produced twenty generals and left the nation a lasting legacy of bravery brilliance and bloodshed This fascinating remarkably intimate chronicle traces the lives of these unforgettable men their training their personalities and the events in which they made their names and met their fates Drawing on letters diaries and personal accounts John C Waugh has written a collective biography of masterful proportions as vivid and engrossing as fiction in its re creation of these brilliant figures and their pivotal roles in American history The Appomattox Generals John W. Primomo,2013-07-08 Joshua L Chamberlain of Maine and John B Gordon of Georgia led the Union and Confederate armies respectively at the formal surrender ceremony at Appomattox Courthouse Virginia on April 12 1865 In one of the most dramatic and memorable moments of the Civil War as the Confederate soldiers marched through the Union lines to stack their weapons and flags Chamberlain moved by the historic moment and desiring to pay honor to a valiant defeated foe ordered his Union soldiers to salute Gordon s Confederates Gordon surprised but stirred by the same emotion immediately responded and ordered his men to return the salute Both men had volunteered for military service feeling a strong need to fight for their respective causes They entered military service as low level officers with no formal military training Repeatedly they exhibited exceptional aptitude and responsibility rising through the ranks as they received the glowing accolades of their superiors Yet they remained humble continually demonstrating extraordinary courage which earned them the respect of their men Ultimately their heroism and leadership culminated in their meeting as the commanders at the Appomattox Courthouse surrender After the war Chamberlain and Gordon entered politics in their

respective states **Pioneer Photographers from the Mississippi to the Continental Divide** Peter E.

Builders of a New South Aaron D. Anderson, 2013-01-23 Builders of a New South describes how between 1865 and 1914 ten Natchez mercantile families emerged as leading purveyors in the wholesale plantation supply and cotton handling business and soon became a dominant force in the social and economic Reconstruction of the Natchez District They were able to take advantage of postwar conditions in Natchez to gain mercantile prominence by supplying planters and black sharecroppers in the plantation supply and cotton buying business They parlayed this initial success into cotton plantation ownership and became important local businessmen in Natchez participating in many civic improvements and politics that shaped the district into the twentieth century This book digs deep in countless records including census tax property and probate as well as thousands of chattel mortgage contracts to explore how these traders functioned as entrepreneurs in the aftermath of the Civil War examining closely their role as furnishing merchants and land speculators as well as their relations with the area s planters and freed black population Their use of favorable laws protecting them as creditors along with a solid community base that was civic minded and culturally intact greatly assisted them in their success These families prospered partly because of their good business practices and partly because local whites and blacks embraced them as useful agents in the emerging new marketplace The situation created by the aftermath of the war and emancipation provided an ideal circumstance for the merchant families and in the end they played a key role in the district s economic survival and were the prime modernizers of Natchez
