Gunships The Killing Zones:

The Killing Zone Frederick Downs Jr.,2007-02-17 The best damned book from the point of view of the infantrymen who fought there Army Times Among the best books ever written about men in combat The Killing Zone tells the story of the platoon of Delta One six capturing what it meant to face lethal danger to follow orders and to search for the conviction and then the hope that this war was worth the sacrifice The book includes a new chapter on what happened to the platoon members when they came home **Gunships : the Killing Zone** Teed, Jack Hamilton,1981 **Gunships** Jack Hamilton Teed,1981-01-01 *Death Zones and Darling Spies* Beverly Deepe Kever,2020-02-17 Chosen for 2015 One Book One Nebraska In 1961 equipped with a master s degree from famed Columbia Journalism School and letters of introduction to Associated Press bureau chiefs in Asia twenty six year old Beverly Deepe set off on a trip around the world Allotting just two weeks to South Vietnam she was still there seven years later having then earned the distinction of being the longest serving American correspondent covering the Vietnam War and garnering a Pulitzer Prize nomination In *Death Zones and Darling Spies* Beverly Deepe Kever describes what it was like for a farm girl from Nebraska to find herself halfway around the world trying to make sense of one of the nation s bloodiest and bitterest wars She arrived in Saigon as Vietnam s war entered a new phase and American helicopter units and provincial advisers were unpacking She tells of traveling from her Saigon apartment to jungles where Wild West styled forts first dotted Vietnam s borders and where seven years later they fell like dominoes from communist led attacks In 1965 she braved elephant grass with American combat units armed with unparalleled technology to observe their valor and their inability to distinguish friendly farmers from hide and seek guerrillas Kever s trove of tissue thin memos to editors along with published and unpublished dispatches for New York and London media provide the reader with you are there descriptions of Buddhist demonstrations and turning point coups as well as phony ones Two Vietnamese interpreters self described as darling spies helped her decode Vietnam s shadow world and subterranean war These memoirs at once personal and panoramic chronicle the horrors of war and a rise and decline of American power and prestige **The A to Z of the Vietnam War** Edwin E. Moïse,2005-07-21 The Vietnam War is anything but a forgotten war Even today the strategies that led to an unexpected American defeat are hotly debated and much remains controversial and unclear which is not surprising given the nature of the combat in which the Vietnamese guerrilla warfare eventually won out over high tech weaponry The task of clarifying the issues without oversimplifying this complex war that impacted the world is undertaken by *The A to Z of the Vietnam War* first in its chronology then in its introduction but mainly in a substantial dictionary section including hundreds of entries on significant persons military and political places events armed units battles and lesser engagements and weapons And for those seeking further information an extensive bibliography is included **A Checklist of Vietnam War Literature** ,1994 **America's Forgotten Wars** Sam C. Sarkesian,1984-10-24 This book provides numerous brilliant and sound insights into the nature of low level conflict Sarkesian

also perceptively describes the imperatives of the military mind set and armed forces structure necessary to help the US government achieve its national objectives in a turbulent world Despite shortcomings the book is a good and necessary work for those who want to know about the type of warfare that will engage our military forces for the rest of this century and beyond Community college and above Choice *Into the Killing Zone* Sean Rayment,2008 Leading commentator Sean Rayment has followed the conflict in Afghanistan from the first moment and tells the story of the rise and fall of the British effort in Afghanistan The current conflict in Afghanistan is unlike any other war in the world Since 2006 British soldiers have been living in impossible conditions under the searing desert sun on occasions reaching 50 C and facing continual fire from elusive Taliban forces With access to many members of the Parachute Regiment the Royal Marines and The Royal Anglian Regiment as well as the undercover operations of special forces Sean Rayment recounts the lives and battles of the British forces at the centre of the most difficult conflict of our times Included here is the dramatic two week siege of Sangin in August 2006 in which 120 members of the Parachute regiment stood against an unseen desert force in the turmoil under heavy fire Corporal Bryan Budd of the Paras headed off a Taliban assault and was killed he won a posthumous VC During the most dangerous periods soldiers were forced to sleep standing at their battle positions Sean Rayment's dispatches from the campaign also cover the battles of Musa Qala and Nawzad and form a compelling and gruelling account of what's really been happening in a war that is often conducted beyond the lenses of the media He reveals a riveting portrait of courage and endurance amongst the ordinary men and women of the modern British Army **Vietnam Images** James Aulich,Jeffrey Walsh,1989-05-15 **Development and Employment of Fixed-wing Gunships, 1962-1972** Jack S. Ballard,1982
