Gurdjieff Irmis B. Popoff,1969 Reflections on Gurdjieff's Whim Keith A. Buzzell,2012-04 *Explorations in Active Mentation* Keith A. Buzzell,2006 **Praying Dangerously** Regina Ryan,2012-07-23 Praying Dangerously instructs us that we can grow up spiritually leaving behind a childish relationship to prayer as a superstitious ritual or mere plea for favors It encourages readers to recognize the difference between prayer that asks only for reassurance and prayer that asks for the Ultimate and stands for transformation We can cease being victims of God s Will while at the same time embracing genuine surrender and reliance on the irrefutable power of love says author and retreat leader Regina Sara Ryan Readers of the first edition published in 2001 were enthusiastic in their praise calling it a brave and useful book Prayer groups and church congregations around the U S have used it for study and it has been translated into Dutch German and French And the message of the book is more relevant now than it was 10 years ago The insecurities of our times draw us inward or back to our churches In prayer groups and retreats of all kinds we are looking for comfort and consolation for spiritual direction or for answers to the eternal questions that have always challenged humanity This book is a valued contribution in that search This 10th anniversary edition is fully revised with several completely new chapters including The High Cost of Forgiveness a subject that challenges everyone and Praying on the Subway about how our generally busy and often chaotic lives can provide us with a constant impetus for blessing others Lives in Spirit Harry T. Hunt,2003-08-01 Explores the roots of modern transpersonal psychology and spirituality through psychobiography **Acorns: Windows High-Tide Foghat** Joshua Morris,2013-01-23 Acorns delineates the future of humanity as a reunification of intellect with the Deep Self Having chosen to focus upon ego established securely by the time of Christ much more beta brain wave development will destroy our species and others which process has already begun We create our own realities through beliefs intents and desires and we were in and out of probabilities constantly Feelings follow beliefs not the other way around **Chicorel Index to Parapsychology and Occult Books** Marietta Chicorel,1978 **New Religions in Global Perspective** Peter Bernard Clarke,2006 This volume provides a complete guide to the global impact and cultural significance of new religious movements *Lords of the Left-Hand Path* Stephen E. Flowers,2012-06-15 Examines the left hand path and reveals the masters of the tradition Explores the practices and beliefs of many left hand path groups including the Cult of Set the Hell Fire Club and heretical Sufi Zoroastrian Christian and Muslim sects Investigates many infamous occult personalities including Helena Blavatsky Aleister Crowley the Marquis de Sade and Anton LaVey Explains the true difference between the right hand path and the left hand path union with and dependence on God versus individual freedom and self empowerment From black magic and Satanism to Gnostic sects and Gurdjieff s Fourth Way the left hand path has been linked to many practices cults and individuals across the ages Stephen Flowers Ph D examines the methods teachings and historical role of the left hand path from its origins in Indian tantric philosophy to its underlying influence in current world affairs and reveals

which philosophers magicians and occult figures throughout history can truly be called Lords of the Left Hand Path Flowers explains that while the right hand path seeks union with and thus dependence on God the left hand path seeks a higher law based on knowledge and power It is the way of self empowerment and true freedom Beginning with ancient Hindu and Buddhist sects and moving Westward he examines many alleged left hand path groups including the Cult of Set the Yezidi Devil Worshipers the Assassins the Neoplatonists the Hell Fire Club the Bolsheviks the occult Nazis and several heretical Sufi Zoroastrian Christian and Muslim sects Following a carefully crafted definition of a true adherent of the left hand path based on two main principles self deification and challenge to the conventions of good and evil the author analyzes many famous and infamous personalities including H P Blavatsky Faust the Marquis de Sade Austin Osman Spare Aleister Crowley Gerald Gardner Anton LaVey and Michael Aquino and reveals which occult masters were Lords of the Left Hand Path Flowers shows that the left hand path is not inherently evil but part of our heritage and our deep seated desire to be free independent and in control of our destinies

hand accounts shed light on why and how people convert to a religion from such distant shores This book also offers contextual material photos and texts that complements the eight life stories This material is meant to help readers enrich their understanding of the life stories by offering them the information they need to better grasp the meaning of the Buddhist notions mentioned and the broader historical and spiritual contexts of the biographical accounts While this book will be of interest to specialists because of the first hand accounts it is primarily aimed at a wider audience interested in Buddhism religions or spirituality in general It will also be of use to teachers whose courses touch upon any of these subjects By combining life stories and contextual material and placing an emphasis on the concrete experiences of Canadians with whom readers can identify this book is an introduction to Buddhism and to what it means to lead a Buddhist life in contemporary Canada Published in English How to Develop Peace in the World Simon Monbaron,2003 Normal trade discount apply
