Hawkes A Guide To His Fictions:

Hawkes Frederick Busch,1973 **Reader's Guide to Literature in English** Mark Hawkins-Dady,2012-12-06 Reader's Guide Literature in English provides expert guidance to and critical analysis of the vast number of books available within the subject of English literature from Anglo Saxon times to the current American British and Commonwealth scene It is designed to help students teachers and librarians choose the most appropriate books for research and study Reference Guide to American Literature D. L. Kirkpatrick,1987 **The Pleasures and Horrors of Eating** Marion Gymnich,2010-09-15

Browsing through books and TV channels we find people pre occupied with eating cooking and competing with chefs Eating and food in today's media have become a form of entertainment and art A survey of literary history and culture shows to what extent eating used to be closely related to all areas of human life to religion eroticism and even to death In this volume early modern ideas of feasting banqueting and culinary pleasures are juxtaposed with post 18th and 19th century concepts in which the intake of food is increasingly subjected to moral theological and economic reservations In a wide range of essays various images rhetorics and poetics of plenty are not only contrasted with the horrors of gluttony they are also seen in the context of modern phenomena such as the anorexic body or the gourmandizing b te humaine It is this vexing binary approach to eating and food which this volume traces within a wide chronological framework and which is at the core not only of literature art and film but also of a flourishing popular culture **Edmund Wilson** Richard Hauer Costa,1980-11-01 For the eminent American literary critic Edmund Wilson Upstate New York was home Richard Hauer Costa's biography of Wilson's final years from 1962 to 1972 in Talcottville NY combines the literary the political and the domestic in an engaging portrait of Wilson as squierarchical Dickensian benevolent Costa shows us a very personal accessible man as he tells us about Wilson's opinions literary and otherwise his likes and dislikes his almost spiritual link to Talcottville his failing health in his final years his habits moviegoing and idiosyncracies sneakers What emerges is a profile of Wilson not at all like the stern figure of academic biography Also included are interviews Costa conducted after Wilson's death with noted Upstate novelist Walter D Edmonds Canadian writer Morley Callaghan and Wilson's Upstate friend Mary Pcolar *Lolita in Peyton Place* Ruth Pirsig Wood,2014-01-14 This book analyzes the differences in content reader expectation and social moral ethical functions of the three types of novels in America of the 1950s It challenges the notion that highbrow novels Lolita do important cultural work while popular novels contribute to personal and social decay and examines how time periods influence the moral content of novels The book separates popular fiction into lowbrow Peyton Place and middlebrow Man in the Grey Flannel Suit and explains that lowbrow like highbrow evolves from the folklore tradition and contains messages about how to be a good man or good woman and how to find a satisfying niche in the social order Middlebrow on the other hand evolves from myth tradition and relates lessons on what personal adjustments need to be made to succeed in the economic order Middlebrow novels most reflect the time and place of their writing because conditions for economic survival change more than conditions

for social survival Arguing that what most distinguishes highbrow from lowbrow is the audience highbrow writers try to separate from the flock lowbrow writers to include This study differs from such well known studies of popular fiction as John Cawelti's and Janice Radway's in looking beyond the surface features of plot character and theme The book also challenges arguments that novels in which marriage is women's highest triumph and aggressive heroism men's reinforce limiting cultural paradigms

American Fiction Since 1940 Tony Hilfer, 2014-09-25 In this remarkable book Tony Hilfer provides a major survey of the wealth of post war American fiction He analyses the major modes and genres of writing from realist to postmodernist metafiction and black humour the fiction of social protest women's writing and the traditions of African American Southern and Jewish American fiction Key writers discussed include William Faulkner Norman Mailer Ralph Ellison Saul Bellow Joseph Heller Vladimir Nabokov and Joyce Carol Oates The book concludes by exploring contemporary trends through detailed case studies of Donald Barthelme and Toni Morrison

Comparative Literary Dimensions Jay L. Halio, Ben Siegel, 2000 *Comparative Literary Dimensions* like its companion volume *American Literary Dimensions* honors the memory of Melvin J Friedman The authors studied include James Joyce Robert Graves and Virginia Woolf A wide range of classical and modern writers and literary themes and concepts are discussed by international scholar critics such as Haskell Block Zack Bowen and Owen Aldrich The volume concludes with Jackson Bryer's detailed bibliography of Melvin Friedman's singular contribution to the study of modern literature

Reference Guide to American Literature Thomas Riggs, 2000 Concise discussions of the lives and principal works of American writers thinkers and cultural figures written by subject experts

The Nazi Card Brian Johnson, 2017-01-25 The Cold War began almost immediately after the end of World War II and the defeat of the Nazis in Europe As images of the Nazis atrocities became part of American culture's common store the evil of their old enemy beyond the Nazis as a wartime opponent became increasingly important As America tried to describe the danger represented by the spread of Communism it fell back on descriptions of Nazism to make the threat plain through comparison At the heart of the tensions of that era lay the inconsistency of using one kind of evil to describe another The book addresses this tension in regards to McCarthyism campaigns to educate the public about Communism attempts to raise support for wars in Asia and the rhetoric of civil rights Each of these political arenas is examined through their use of Nazi analogies in popular political and literary culture The Nazi Card is an invaluable look at the way comparisons to Nazis are used in American culture the history of those comparisons and the repercussions of establishing a political definition of evil
