*Hawthorne's Wilderness: Nature and Puritanism in Hawthorne's The Scarlet Letter and "Young Goodman Brown"* Marina Boonyaprasop, 2013-06-01 Nathaniel Hawthorne is one of America's most noted and highly praised writers and a key figure in US literature Although he struggled to become an acknowledged author for most parts of his life his work stands in the limelight of the American literary consciousness Graham 5 For he is a direct descendant of Massachusetts Bay colonists in the Puritan era of the 17th and 18th century New England served as a lifelong preoccupation for Hawthorne and inspired many of his best known stories Hence in order to understand the author and his

work it is crucial to apprehend the historical background from which his stories arose The awareness of the Puritan legacy in Hawthorne s time and their Calvinist beliefs which contributed to the establishment of American identity serve as a basis for fathoming the intention behind Hawthorne s writings His forefathers concept of wilderness became an important part of their religious life and in many of Hawthorne s tales nature can be perceived as an active agent for the plot and the moral message Therefore it is indispensable to consider the development behind the Puritan perception as well as the prevailing opinion on nature during the writer s lifetime After the historical background has been depicted the author himself is focused His ambiguous character and non persistent lifestyle are the source of many themes which can be retrieved from his works Thus understanding the man behind the stories is necessary in order to analyze the tales themselves Seclusion nature and Puritanism are constantly recurring topics in the author s life and work To become familiar with Hawthorne s relation to nature his ancestors and religion it is essential to understand the vast amount of symbols his stories His stories will be brought into focus and will be analyzed on the basis of the historical and biographical facts and further his particular style and purpose will be taken into consideration The second part of this book analyzes two of the author s most eminent and esteemed works namely *Young Goodman Brown* and *The Scarlet Letter* in terms of nature symbolism and the underlying moral intention Further it is examined to which extent the images correspond to the formerly explained historical facts and Hawthorne s emphasized characteristic features The comparison of the two works focuses on the didactic purpose for in all of his works Hawthorne s aim was to give a lesson Thus it will

**Nathaniel Hawthorne and the Romance of the Orient**

Luther S. Luedtke,1989-09-22 This volume argues that by focusing on British and American backgrounds readers have underestimated the impact of Asia and the East on American novelist and short story writer Nathaniel Hawthorne s 1804 1864 writing The central force in Hawthorne s intellectual development was New England Puritanism It fascinated even when it sometimes repelled him It exercised a pull on his imagination which a lifetime of varied experience did not loosen The author recreates Hawthorne s heritage and examine his readings in material dealing with the East he examines three of Hawthorne s early tales that were all written before 1830 and he looks at Hawthorne s *The Story Teller* the two volume book of sketches and tales Hawthorne unsuccessfully tried to publish in 1834 and issued piecemeal thereafter in periodicals as annuals The author also evaluates the role of the Eastern world in Hawthorne s view of Romance and studies some of Hawthorne s remarkable heroines Beatrice Rapaccini Hester Zenobia and Miriam in particular The author maintains that the Puritan element in Hawthorne s ancestry has been overstressed and that insufficient attention has been paid to the equally important travel adventure exploration aspect of Hawthorne s heritage and craft

Hawthorne's Romances Robert S. Friedman,2014-02-25 First Published in 2000 Throughout the nineteenth century the study of geometry remained at the core of educational curricula in the United States strongly affecting how educated Americans construed their world This book examines how each of Nathaniel Hawthorne s romances presents a different geometric figure that becomes representative of

the work's themes and narrative designs. These geometric figures when approached from the perspective of Victor Turner's symbolic anthropology serve as cultural mediators combining geometric symbology with a unique narrative perspective to offer metaphors of personal and cultural boundaries. Freidman presents the literary text as the point of intersection among such disciplines as cultural anthropology, history, mathematics, and American literature.

**A Study Guide for Nathaniel Hawthorne's *The House of the Seven Gables*** Gale, Cengage Learning, 2015-09-24 *Hawthorne's Short Stories* Nathaniel Hawthorne, 2011-01-11. Twenty-four of the best short stories by one of the early masters of the form in the definitive collection edited by acclaimed scholar Newton Arvin. Nathaniel Hawthorne was one of the greatest American writers of the nineteenth century and some of his most powerful work was in the form of fable-like tales that make rich use of allegory and symbolism. The dark beauty and moral force of his imagination are evident in such enduring masterpieces as *Young Goodman Brown* in which a young man who believes he has witnessed a satanic initiation can never see his pious neighbors the same way again. *Rappaccini's Daughter* about a lovely young girl who has been raised in isolation among dangerous poisons and *The Birthmark* in which a scientist obsessed with perfection destroys the flaw that makes his otherwise flawless wife both beautiful and human.

**Symbolism in Hawthorne** Kenneth Perkins, 1915 **Authorized Images: Ralph Waldo Emerson, Nathaniel Hawthorne, Louisa May Alcott, Henry David Thoreau** Greg Gatenby, 2024-11-18. Authorized Images Famous Authors Seen Through Antique and Vintage Postcards. Ralph Waldo Emerson, Nathaniel Hawthorne, Louisa May Alcott, Henry David Thoreau. No other small town in the United States can claim as many renowned creative writers among its former residents as Concord, Massachusetts. Of this quartet of names, all but Thoreau were nationally famous while they were alive. By the time picture postcards became widely available in the 1890s, all four writers were in the canon of American letters, a distinction reflected in the high number of antique postcards of them published during the Golden Age of the medium. This volume offers an impressively broad selection of those pioneering depictions.

**Hawthorne and the Real** Millicent Bell, 2005. Hawthorne was with his own complicity long described as a writer of unreal romances as he preferred to call his novels or allegories of the heart as he termed some of his short stories. The essays in this collection contribute to the turn in recent Hawthorne criticism which shows how deeply implicated in realism his writing was.

**Ruined Eden of the Present** Gary Richard Thompson, Virgil Llewellyn Lokke,1981 A recurrent idea in Darrel Abel s criticism of the works of Hawthorne gives this volume its title The idea of a fallen world and its potential for partial redemption through art and the art of criticism is a theme that weaves in and out of the sixteen essays The volume as a whole displays an explicit and implicit concern with critical approaches and reflects an awareness of the fictiveness of critical resolutions in a world in which boundaries are constantly under challenge for example those which divide textuality from contextuality This collection of essays explores the problems the practical critic and teacher has had to face in the shifts in taste assumptions and methodology in the moves from moral and historical criticism to the New Criticism and to the newer linguistic and semiotic criticism     **Hawthorne, Sculpture, and the Question of American Art** Deanna

Fernie,2016-12-05 Deanna Fernie analyzes the significance of sculpture in Hawthorne s fiction through the recurring motif of the fragment in its double guise as ruin and project Her book casts new light on Hawthorne s memorable ruined and unfinished images from the rough hewn figurehead of Drowne s Wooden Image 1844 to the tattered letter A in the unfinished loft of the Custom House in The Scarlet Letter 1850 and the unfinished bust of Donatello in The Marble Faun 1860 Fernie shows how the tension between the formed and unformed enabled Hawthorne to interrogate the origins and the distinctive possibilities of art in America in relation to established European models At the same time she suggests that sculpture

challenged and provoked Hawthorne's shaping of his own specifically literary art stimulating him to develop its capacities for expressing irresolution and change Fernie establishes the intellectual contexts for her study through a discussion of sculpture and fragmentary form as revealed in American British and Continental thought Her book will be an important text not only for American literature scholars but also for anyone interested in British and Continental Romanticism and the intersections of art and literature
