Studying Audiences Virginia Nightingale, 1996 A critical overview
Reading between Designs Piers D. Britton, Simon J. Barker, 2010-01-01 From the alien worlds of Star Trek to the realistic operating room of ER the design of sets and costumes contributes not only to the look and mood of television shows but even more importantly to the creation of memorable characters Yet until now this crucial aspect of television creativity has received little critical attention despite the ongoing interest in production design within the closely allied discipline of film studies In this book Piers Britton and Simon Barker offer a first analytical study of scenic and costume design for television drama series They focus on three enduringly popular series of the 1960s The Avengers The Prisoner and Doctor Who and discuss such topics as the sartorial image of Steed in The Avengers the juxtaposition of picturesque and fascistic architecture in The Prisoner and the evolution of the high tech interior of Doctor Who s TARDIS Interviews with the series original designers and reproductions of their original drawings complement the authors analysis which sheds new light on a variety of issues from the discourse of fashion to that of the heritage industry notions of Pop and retro and the cultural preoccupation with realism and virtual reality
Developing Contemporary Marxism J. Short, 1985-02-18

Movie Acting, the Film Reader Pamela Robertson Wojcik, 2004 Combining classic and recent essays and examining key issues such as Movie Acting the Film Reader explores one of the most central but often overlooked aspects of cinema film acting

Stardom Christine Gledhill, 2003-09-02 In the past stars have been studied as cogs in a mass entertainment industry selling desires and ideologies But since the 1970s new approaches have reopened debate as film and cultural studies try to account for the active role of the star in producing meanings pleasures and identities for a diversity of audiences Stardom brings together for the first time some of the major writing of the last decade which seeks to understand the phenomenon of stars and stardom Gathered under four headings The System Stars and Society Performers and Signs Desire and Politics these essays represent a range of approaches drawn from film history sociology textual analysis audience research psychoanalysis and cultural politics They raise important issues about the politics of representation and the cultural limitations and possibilities of stars

Visual Education, 1978 Beginning with 195 one monthly issue called Visual aids yearbook *In the Eye of the Beholder* Gary Richard Edgerton, Michael T. Marsden, John G. Nachbar, 1997 Scholars from communication studies as well as film and television studies address a variety of texts from Ken Burns's The Civil War to the midnight cult film The Rocky Horror Picture Show Part one focuses on perennial subject areas related to authorship and reception Part two addresses an assortment of postmodern and multicultural screen representations paying closest attention to matters of gender race ethnicity and the disabled Paper edition unseen 24 95 Annotation copyrighted by Book News Inc Portland OR

The changing spaces of television acting Richard Hewett, 2017-08-17 This book provides a historical overview and then and now comparison of performing for British television drama By examining changing acting styles from distinct eras of television production studio realism and location realism it makes a unique contribution to both television and performance studies unpacking the various determinants that have combined to influence how performers work in the medium The book compares the original versions of The Quatermass Experiment BBC 1953 Doctor Who BBC 1963 89 and

Survivors BBC 1975-77 with their respective modern day re-makes unpacking the effects of the shift from multi-camera studio to single-camera location production. Textual analysis is combined with extensive archival research into production process and reception alongside interviews with numerous actors and production personnel from more than sixty years of television production.

Television Studies Jonathan Gray, Amanda D. Lotz, 2019-01-15

Television Studies provides an overview of the origins, central ideas and intellectual traditions of this exciting field. What have been the primary areas of inquiry in television studies? Why and how did these areas develop? How have scholars studied them? How are they developing? What have been the discipline's key works? This book answers these questions by tracing the history of television studies right up to the digital present, surveying emerging scholarship and addressing new questions about the field's relationship with the digital. The second edition includes an examination of how internet distributed services such as Netflix have adjusted the stories, industrial practices and audience experience of television. For all those wondering how to study television or even why to study television, this new edition of *Television Studies* will provide a clear and engaging overview of key topics. The book works as a stand-alone introduction and by placing key works in a broader context can also provide an excellent basis for an entire course.
