Head of the Line Michael Jackson, 2000-01-01 *American Book Publishing Record*, 2007 Bureau of Missing Persons Roger J. Porter, 2011-05-06 A devoted reader of autobiographies and memoirs Roger J Porter has observed in recent years a surprising number of memoirs by adult children whose fathers have led secret lives Some of the fathers had second families some had secret religious lives others have been criminals liars or con men Struck by the intensely human drama of secrecy and deception played out for all to see Porter explores the phenomenon in great depth In Bureau of Missing Persons he examines a large number of these works eighteen in all placing them in a wide literary and cultural context and considering the ethical quandaries writers face when they reveal secrets so long and closely held Among the books Porter treats are Paul Auster's *The Invention of Solitude* Alison Bechdel's graphic memoir *Fun Home* Essie Mae Washington Williams's *Dear Senator* on her father Strom Thurmond Bliss Broyard's *One Drop* Mary Gordon's *The Shadow Man* and Geoffrey Wolff's *The Duke of Deception* He also discusses Nathaniel Kahn's documentary film *My Architect* These narratives inevitably look inward to the writer as well as outward to the parent The autobiographical children are compelled if not consumed by a desire to know They become detectives piecing together clues to fill memory voids assembling material and archival evidence public and private documents letters photographs and iconic physical objects to track down the parent

The Roma and the Holocaust María Sierra, 2024-04-18 Half a million European Roma were exterminated by the Nazi regime many more were subjected to a policy of racial discrimination similar to that suffered by the Jewish people However the persecution and torment of Roma in Hitler's Europe has little presence in

the history books *The Roma and the Holocaust* places the Roma genocide in the context of the widespread violence of the Second World War while offering an explanation that places it within a broader trajectory of anti Roma persecution in modern societies The book explores the separation and destruction of families the sterilisation of adults and children the plunder of property and deprivation of livelihoods slave labour medical experiments the horror of extermination camps and the mass murder that the Romani people were subjected to Mar a Sierra uses the first section of the book to provide a much needed critical overview and synthesis of the fragmented research and scholarship in the area that has been conducted in various languages In the second section Sierra shines a light the autobiographical accounts of several Roma survivors of the Nazi genocide in order for the voices of the victims who have claimed recognition and rights for the Roma people to be heard This journey through the memories of Philomena Franz Ceija Stojka Lily Van Angeren Otto Rosenberg Walter Winter and Ewald Hanstein in addition to other testimonies is contextualized within the framework of other Holocaust survivors memoirs and has been approached from a history of emotions perspective With the Romani people having been denied recognition as victims of Nazism after the end of the war this book crucially helps to bring about agency for the survivors supporting their struggle for the right to memory in the process **Celebrate!** Lesli Koppelman Ross,2000-10-01 This innovative how to

guide and reference book on the Jewish holidays provides a well rounded foundation for both knowledge and action Unlike many books of its kind *Celebrate The Complete Jewish Holidays Handbook* is nondenominational and comprehensive in approach The author includes the historical development religious importance and personal significance of each Jewish holy day in a way that is useful to both beginners and those well versed in Jewish practice The richness and depth of Jewish tradition with a full range of information on why and how to celebrate is presented in a lively warm and user friendly manner

reader may have the desire and will to comprehend the Holocaust the presence of textual silence is a force that removes the experience of genocide from the reader's analysis and imaginative recourse Lang defines silences as omissions that take many forms including the use of italics and quotation marks ellipses and blank pages in poetry and the presence of unreliable narrators in fiction While this limits the reader's ability to read in any conventional sense these silences are not flaws They are instead a critical presence that forces readers to acknowledge how words and meaning can diverge in the face of events as unimaginable as those of the Holocaust

Envisioning Legality Timothy Peters, Karen Crawley, 2017-11-22 Envisioning Legality Law Culture and Representation is a path breaking collection of some of the world's leading cultural legal scholars addressing issues of law representation and the image Law is constituted in and through the representations that hold us in their thrall and this book focuses on the ways in which cultural legal representations not only reflect or contribute to an understanding of law but constitute the very fabric of legality itself As such each of these readings of cultural texts takes seriously the cultural as a mode of envisioning constituting and critiquing the law And the theoretically sophisticated approaches utilised here encompass more than simply an engagement with harmless entertainment Rather they enact and undertake specific political and critical engagements with timely issues such as the redressing of past wrongs recognising and combatting structural injustices and orienting our political communities in relation to uncertain futures Envisioning Legality thereby presents a cultural legal studies that provides the means for engaging in robust sustained and in depth encounters with the nature and role of law in a global mediated world

Exiting the Extraordinary Frances V. Moulder, 2015-11-11 This book is an exploratory study in sociological perspective of the process of returning to the ordinary world after extraordinary experiences Some people have transformative experiences in life that are so extraordinary that they cannot be at all adequately explained to those who have not had such experiences Experiences of this sort include being in military combat participating in great social movements revolutions or terrorist activities being incarcerated in concentration camps the Gulag and prisons surviving collective disasters such as floods or hurricanes serving in intelligence agencies and undercover roles being a member of unusual religious groups working as a journalist in war zones carrying out aid work in impoverished or war torn regions and enduring slavery The book discusses the commonalities among extraordinary experiences why people are so profoundly changed by them the typical challenges faced by returnees and some typical strategies returnees have followed in order to deal with these challenges A central theme of the book is that returnees are challenged not simply by experiencing extreme events but by a great cultural divide between the extraordinary and the ordinary worlds The struggles of returnees need to be seen as a social issue rather than simply the private troubles of individuals The book is based on personal accounts by returnees interviews and secondary sources and contains many lively examples both historical and contemporary of the struggles and triumphs of those who go through extraordinary experiences and return to life in the ordinary world

The Story of "Me" Marjorie Worthington, 2018-11-01 Autofiction or

works in which the eponymous author appears as a fictionalized character represents a significant trend in postwar American literature when it proliferated to become a kind of postmodern cliché. *The Story of Me* charts the history and development of this genre analyzing its narratological effects and discussing its cultural implications. By tracing autofiction's conceptual issues through case studies and an array of texts, Marjorie Worthington sheds light on a number of issues for postwar American writing: the maleness of the postmodern canon and anxieties created by the supposed waning of male privilege; the relationship between celebrity and authorship; the influence of theory; the angst stemming from claims of the death of the author; and the rise of memoir culture. Worthington constructs and contextualizes a bridge between the French literary context from which the term originated and the rise of autofiction among various American literary movements from modernism to New Criticism to New Journalism. *The Story of Me* demonstrates that the burgeoning of autofiction serves as a barometer of American literature from modernist authorial effacement to postmodern literary self-consciousness.

Correspondences Anne Michaels, 2013-12-03 A rare and beautifully produced accordion book by renowned novelist and poet Anne Michaels and acclaimed artist and writer Bernice Eisenstein that will cause a stir for both its form and its content. Anne Michaels's resonant book-length poem which unfolds on one side of the pages of this accordion book ranges from the universal to the intimate as she writes of historical figures for whom language was the closest thing to salvation; on the other side we have Bernice Eisenstein's luminous portraits of and quotes from such twentieth-century writers and thinkers as Paul Celan, Nelly Sachs, W. G. Sebald, Anna Akhmatova, Primo Levi, and Albert Einstein. The poetry and portraits join together in a dialogue that can be read in any direction and any order in a format that perfectly reflects the thematic interconnectedness of this collaboration: an alphabet of spirits and spirit, an elegy of remembrance. Eisenstein just as a conversation becomes the third side of the page: the moment one life becomes another. Michaels *Current Biography Yearbook*, 2001 Presents biographical articles about living leaders in all fields of human accomplishment throughout the world arranged alphabetically with a cumulative index to the January 2001–November 2001 issues as well as an index of professions. **Congressional Record** United States.
