Healers In The Night:

Healers in the Night Eric de Rosny, 2004-05-10 Mysterious the sway of the masters of the night Of what unsubjected region of myself had they taken possession Did they occupy the realm where dreams are born and bred Had they seized the spot where the most contrary desires mingle the one to kill and the one to love the one to make suffer and the one to adore the phantasms born of water and fire blood and death in a perpetual maelstrom like the one I had seen with my own eyes in the course of the night seances at the hands of the ngangas There must be a hidden relationship I thought a secret pact between the ngangas and myself Nothing else could have explained the fascination I felt when I was among them Since childhood I had always wanted to reach other cultural worlds to get as far away as I could from my own roots And now that I had done so I had the feeling of having arrived in a familiar land From the book *Healers of the Night* Anne Vinton, 1968

Linda L. Barnes,Susan S. of essays examining this new reality It brings together for the first time scholars from a wide variety of disciplinary perspectives to explore the relatively uncharted field of religious healing as understood and practiced in diverse cultural communities in the United States The book will be an invaluable resource for students of anthropology religious studies American studies and ethnic studies health care professionals clergy and anyone interested in the changing American cultural landscape
