E. W. Sprague, 1996-09 1930 with instructions how to heal by laying on of the hands This book will help you understand healing and teach you how to develop it     The Science of Magnetic Healing, Embracing Hypnotism, Vital Magnetism, and Mental Science Leonard E. Stanhope, 1899     *Heal Thyself, Optimum Health Forever* Gary Steven Gautier, Dr Gary Steven Gautier, 2011-03 Dr Gautier will speak to you in real words layman s terms about what is necessary to finally feel good be healthy and understand the term be your own doctor With a step by step approach you will be able to work through the book to cover the full spectrum of health He will show you how and why all disease is basically one and the same and show you that sickness is a man made disease for which there is a logical and applicable solution providing you don t get misled with doctors who know very little if anything about real health and longevity He will show you why this type of misunderstanding and complacency in society will keep you on the long wrong road to ill health You will learn why most doctors and hospitals practice sick care and not health care You will learn why approximately 95% of all people will die of cancer heart disease or complications to diabetes and how you can lower your risk and even be excluded from this list if you learn a few things and practice them daily Learn what man has done to most all food air water and most all products you use on a daily basis to help cause most all sickness and disease known to man Why God s Law is the only true choice in reversing all sickness and disease Learn the real statistics on cancer and heart disease and learn why God s Law gives you your best chance for the body to strengthen and fight all it faces There are no cures preventions or treatments that work other than God s Law which allows you the only true way to fight all foreign invaders     Suckers Rose Shapiro, 2010-09-30 Alternative medicine is now used by one in three of us In the UK we spend an estimated 4 5 billion a year on it and its practitioners are now insinuating themselves into the mainstream There are methods based on ancient or far eastern medicine as well as ones invented in the nineteenth and twentieth centuries Many are promoted as natural treatments What they have in common is that there is no hard evidence that any of them work Treatments like homeopathy acupuncture and chiropractic are widely available and considered reputable by many Ever more bizarre therapies from naturopathy to nutraceuticals ear candling to ergogenics are increasingly favoured Endorsed by celebrities and embraced by the middle classes alternative medicine s appeal is based on the spurious rediscovery of ancient wisdom and the supposedly benign quality of nature Surrounded by an aura of unquestioning respect and promoted through uncritical airtime and column inches alternative medicine has become a lifestyle choice Its global market is predicted to be worth 5 trillion by 2050 Suckers reveals how alternative medicine can jeopardise the health of those it claims to treat leaches resources from treatments of proven efficacy and is largely unaccountable and unregulated In short it is an industry that preys on human vulnerability and makes fools of us all Suckers is a calling to account of a social and intellectual fraud a bracing funny and popular take on a global delusion     **Cooking**
