ongoing today This report explains the links to high rates of Aboriginal children being taken from their families abuse of drugs and alcohol and high rates of suicide The report documents the drastic decline in the presence of Aboriginal languages even as Survivors and others work to maintain their distinctive cultures traditions and governance The report offers 94 calls to action on the part of governments churches public institutions and non Aboriginal Canadians as a path to meaningful reconciliation of Canada today with Aboriginal citizens Even though the historical experience of residential schools constituted an act of cultural genocide by Canadian government authorities the United Nations declaration of the rights of aboriginal peoples and the specific recommendations of the Commission offer a path to move from apology for these events to true reconciliation that can be embraced by all Canadians
