Health Care Crisis? Robert I. Misbin,1995-01-01 **Ethical Issues in Health Care on the Frontiers of the Twenty-First Century** S. Wear,J.J. Bono,G. Logue,A. McEvoy,2006-04-11 of UB s medical school that UB developed its School of Arts and Sciences and thus assumed its place among the other institutions of higher education Had Fillmore lived throughout UB s first seventy years he would probably have been elated by the success of his university and he should have been satisfied and pleased that UB remained intrinsically bonded to its community while at the same time engrafting the values and standards important to higher education s mission in the region UB and its medical school have undergone many challenging transitions since 1846 Included among them were 1 the completion of an academic campus in the far northeast corner of the City of Buffalo while leaving its medical dental and law schools firmly situated in the core of downtown Buffalo 2 the eventual relocation after the second world war of the law school to the newer campus in Amherst and the medical and dental school to the original academic campus and 3 the merger with the State University of New York System in 1962 Despite these significant transitions any one of which could have changed the intrinsic integrity of UB and disrupted the bonding between community and university that did not happen To this day the ties between community and academe persist Fillmore and White should celebrate their success and important contribution to Buffalo and Western New York *Making Medical Spending Decisions* Mark A. Hall,1997 This book explores the making of health care rationing decisions through the analysis of three alternative decision makers patients paying out of pocket officials setting limits on treatments and coverage and physicians at the bedside Hall develops this analysis along three dimensions political economics ethics and law The economic dimension addresses the practical feasibility of each method The ethical dimension discusses the moral aspects of these methods while the legal dimension traces the most recent developments in jurisprudence and health law **Medical Futility** Marjorie Bass Zucker,Howard D. Zucker,1997-03-13 A wide ranging and authoritative survey of the complex issue of futile medical treatments Nutrition and Food Services for Integrated Health Care Rita Jackson,1997 Dietetics educators and practitioners will find much in these pages to challenge them As integrated health care systems evolve For better or for worse dietitians need to develop the skills and attitudes that will facilitate not just survival but also expansion of the profession Journal of the American Dietetic Association A must have resource for nutrition and food service administrators providing vital information about trends in the industry how others are meeting current demands with innovative programs that contain costs without compromising quality The standards of care in more progressive settings and how innovative techniques and technological advancements can be implemented to control resources while upholding these standards Optional methods For The delivery of food service and nutrition care are presented along with actual case studies illustrating innovative solutions To The common dilemmas confronting dietetic professionals today Includes an Instructor s Manual *The Ethics of Managed Care* Mary R.
