challenges that clinicians may face in conducting patient education Using case examples to illustrate key points this text moves beyond theory to offer practical application principles for the real world Featuring a clinical approach in examining established patient education theories Effective Patient Education A Guide to Increased Adherence Fourth Edition is an invaluable guide for nursing students and professionals

*Communication Studies and Feminist Perspectives on Ovarian Cancer* Dinah A. Tetteh, 2018-03-15 *Communication Studies and Feminist Perspectives on Ovarian Cancer* examines the embodied experience of ovarian cancer by critically analyzing impacts of normative social and medical discourses including discourses of risk choice early detection lack of reliable screening tests for ovarian cancer feminine beauty and self advocacy on women's communicative responses to the disease and treatments It argues that these discourses help discredit some ovarian cancer experiences encourage a one dimensional perspective on the disease and divert attention from larger issues such as society's disregard for women's complaints about disease symptoms Blanket promotion of these discourses essentializes women's experiences of the disease pointing out how normative beliefs about women's health and illness are often flipped and repackaged as standard language to discuss women's experiences Using interview data and scholarly work from communication studies feminist studies critical cultural studies anthropology critical psychology and other disciplines this book suggests we give equal importance to personal experiences and medical scientific research to advance knowledge about ovarian cancer Ovarian cancer is a disease specific to women as such women's experiences cannot be minimized in attempts to understand the disease
