*The Philosophy of Tim Burton* Jennifer L. McMahon, 2014-03-19 In 1952 just one year after Coach Adolph Rupp's University of Kentucky Wildcats won their third national championship in four years an unlikely high school basketball team from rural Graves County Kentucky stole the spotlight and the media's attention Inspired by young coach Jack Story and by the Harlem Globetrotters the Cuba Cubs grabbed headlines when they rose from relative obscurity to defeat the big city favorite and win the state championship A classic underdog tale *The Graves County Boys* chronicles how five boys from a tiny high school in southwestern Kentucky captured the hearts of basketball fans nationwide Marianne Walker weaves together details about the players their coach and their relationships in a page turning account of triumph over adversity This inspiring David and Goliath story takes the reader on a journey from the team's heartbreaking defeat in the 1951 state championship to their triumphant victory over Louisville Manual the next year More than just a basketball narrative the book explores a period in American life when indoor plumbing and electricity were still luxuries in some areas of the country and when hardship was a way of life With no funded school programs or bus system the Cubs's success was a testament to the sacrifices of family and neighbors who believed in their team Featuring new photographs a foreword by University of Kentucky coach Joe B Hall and a new epilogue detailing where the players are now *The Graves County Boys* is an unforgettable story of how a community pulled together to make a dream come true

*The Films of Johnny Depp* William B. Parrill, 2017-02-10 Since his rise to fame in the television series *21 Jump Street* in 1987 and his subsequent transition to film acting Johnny Depp has received constant criticism for his choice of roles at least until his popular turn in the *Pirates of the Caribbean* series This book aims to reveal the ways in which Depp's choices of film roles though often considered eccentric allowed him to develop into the representative film actor of his time It organizes all of Depp's films chronologically narrating in the process his transition from underestimated teenage pretty boy to bona fide Hollywood hotshot Along the way the book addresses Depp's

relationship to earlier film actors especially to Marlon Brando and the silent comics the influence of Depp's androgynous sexuality on both his choice of roles and his acting and his relationships with directors Terry Gilliam and Tim Burton

his contemporary concerns how his freewheeling approach to film grammar blurred the line between the grindhouse and the avant garde how his bringing together of faded stars novelty celebrities and showbiz amateurs created evocative Hollywood dreamscapes and how his art explored cross dressing and gender fluidity decades before these concepts were mainstream It will also chart Wood s place in the bad movie cult from The Golden Turkey Awards to Mystery Science Theater 3000 and beyond putting him in conversation with contemporary outsider artists like Tommy Wiseau and Neil Breen While Wood has been the subject of an oral history biography Rudolph Grey s *Nightmare of Ecstasy* no critic has attempted a study that encompasses the full scope of his work including his many novels short stories and long lost pornographic films To mark the centennial of Wood s birth the time is right for a take on his work that considers how radical ideas have often grown on the fringes and interrogates the ideologies that shape our perspective of bad art Ed Wood *Made in Hollywood USA* aims to be a timely intervention in the politics of taste and a fond salute to an independent spirit whose badness tells us so much about our world

**This Is a Picture and Not the World** Joseph Natoli, 2012-02-01 In *This Is a Picture and Not the World* Joseph Natoli employs the lingua franca of film itself screenplay dialogue as well as the more recent form of the political blog to present a hyperreal account of popular film as both a creator and a reflector of our post 9 11 mass psyche Drawing on both classic and contemporary film examples the book also offers a quasihistory of film genres including science fiction the western film noir and screwball comedy emphasizing how these genres have been shaken up recontextualized recombined turned self reflexive and parodied over the past couple of decades Taken together these
