Genealogical table. Indexes of names. Address list Franklin Miller, 1974 *The Miracle Life of Edgar Mint* Brady Udall, 2025-04-25 An ingenious tale that takes its heart from Dickens and its soul from America's great outlaw West. Elie Half Apache and mostly orphaned Edgar Presley Mint's trials begin on an Arizona reservation at the age of seven when the mailman's jeep accidentally runs over his head. As he is shunted from the hospital to a school for delinquents to a Mormon foster family, comedy, pain, and trouble accompany Edgar through a string of larger-than-life experiences. Through it all, readers will root for this irresistible innocent who never truly loses heart and whose quest for the mailman leads him to an unexpected home.

Vox Lycei 2001-2002 Lisgar Collegiate Institute, **Forgeries of Memory and Meaning** Cedric J. Robinson, 2012-09-01 Cedric J. Robinson offers a new understanding of race in America through his analysis of theater and film of the early twentieth century. He argues that economic, political, and cultural forces present in the eras of silent film and the early talkies firmly entrenched limited representations of African Americans. Robinson grounds his study in contexts that illuminate the parallel growth of racial beliefs and capitalism beginning with Shakespearean England and the development of international trade. He demonstrates how the needs of American commerce determined the construction of successive racial regimes that were publicized in the theater and in motion pictures, particularly through plantation and jungle films. In addition to providing new depth and complexity to the history of black representation, Robinson examines black resistance to these practices. Whereas D. W. Griffith appropriated black minstrelsy and romanticized a national myth of origins, Robinson argues that Oscar Micheaux transcended uplift films to create explicitly political critiques of the American national myth. Robinson's analysis marks a new way of approaching the intellectual, political, and media racism present in the beginnings of American narrative cinema.

Claiming Turtle Mountain's Constitution Keith Richotte Jr., 2017-08-04 In an auditorium in Belcourt, North Dakota, on a chilly October day in 1932, Robert Bruce and his fellow tribal citizens held the political fate of the Turtle Mountain Band of Chippewa Indians in their hands. Bruce and the others had been asked to adopt a tribal constitution, but he was unhappy with the document as it limited tribal governmental authority. However, white authorities told the tribal nation that the proposed constitution was a necessary step in bringing a lawsuit against the federal government over a long-standing land dispute. Bruce's choice and the choice of his fellow citizens has shaped tribal governance on the reservation ever since that fateful day. In this book, Keith Richotte Jr. offers a critical examination of one tribal nation's decision to adopt a constitution. By asking why the citizens of Turtle Mountain voted to adopt the document despite perceived flaws, he confronts assumptions about how tribal constitutions came to be, reexamines the status of tribal governments in the present, and offers a fresh set of questions as we look to the future of governance in Native America and beyond.
