Murray, 2017-03-27 Jeremy A Murray s study of local Communist revolutionaries in Hainan between 1926 and 1956 provides a window into the diversity and complexity of the Chinese revolution Long at the margins of the Chinese state Hainan was once known by mainlanders only for its malarial climate and fierce indigenous people In spite of efforts by the Chinese Nationalists and the Japanese to exterminate Hainan s Communists the movement survived because of an alliance with the indigenous Li For years it persevered though in complete isolation from Communist headquarters on the mainland Using Chinese language sources archival materials and interviews Murray draws a vivid picture of this movement from the Hainanese perspective and broadens our understanding of how patriotism Party loyalty and Chinese identity have been experienced and interpreted in modern China **Mixed Blessings** Judy Brink, Joan Mencher, 2014-04-23 Taking a woman centered approach *Mixed Blessings* analyzes the effect of religious fundamentalism on gender roles in a variety of religions and nations It explains how some women benefit from fundamentalism gaining economic power and autonomy and portrays how others maneuver within its restrictions The scope of the book is broad ranging from Christian groups in North and South America Islamic groups in

the Middle East and China Jews in Israel Hindus in India and Buddhists in Sri Lanka The detailed descriptions of women s lives illustrate the complexity of the intersection of gender and fundamentalism The impact of fundamentalism for some women has been beneficial and has lead to greater economic power and autonomy In other areas women must maneuver within the constraints of fundamentalism to gain power and autonomy **How Christianity Came to China** Kathleen L. Lodwick,2016-12-01 The story of the foreign missionaries who served in China between 1809 and 1949 is one of fervent religious commitment and of the loss of faith of determined perseverance and of angry frustration of accepting people as they are and of cultural superiority of human kindness and of narrow prejudice of those who loved China and of those who refused to acknowledge the society in which they lived of those who spent their entire adult lives in China and of those who fled home as soon as possible and of those who admired China and of those who were driven insane by living in China In short it is a story of ordinary people with all their good qualities and all their shortcomings In all of its complexity Kathleen L Lodwick tells the story of Christianity in China It s essential reading for anyone wanting to understand the contemporary phenomena that is Christianity in China which some people predict soon will be the country with the largest Christian population in the world **The Journal of American-East Asian Relations** ,2001 Encyclopedia of Christianity in the United States George Thomas Kurian,Mark A. maintains the largest collection of archival materials relating to the Chinese Republican era 1911-1949 outside of China. Most of the archival materials are also unique and the collections contain special materials supplementing historical records in China and Taiwan. In many cases, North America's holdings represent the best and only public access to the tumultuous Republican government and society of the first half of the twentieth century. An essential guide for researchers and students of Republican China, this volume presented in both English and Chinese covers personal papers, correspondences, memoirs, diaries, photographs, moving images, and other materials held at academic and research institutions across the United States and Canada. It includes concise descriptions of the people, organizations, and events connected to each entry and notes when certain collections are closely related and when materials are digitized for online access. The book corrects common errors associated with the library records of many archives and updates or completes information on the objects of these records. More than a straightforward itemization, this book adds significant depth to any research on the history and global import of China's modern development.

A STUDY ON JAPANESE MILITARY "COMFORT WOMEN" Zhiliang Su, 2019-11-04. In the history of Asia, the disasters such as the war of aggression launched by Japan are unprecedented. The issue of comfort women has not yet become history. History is an objective reality. In the 1930s, the war of aggression launched by Japanese militarism brought great disasters to the Chinese people and the people of Asian countries, including Japan itself. No one can deny and overturn the historical facts. History is a mirror which provides people with positive and negative lessons. Whether Japan should follow the path of peaceful development or repeat the mistakes of militarism is a matter of great concern to the people of all Asian countries who were once victims of Japanese aggression. It is also a matter for far-sighted Japanese politicians to consider seriously.

Missiology, 1995. An international review.

Tiger Girls Minglu Chen, 2012-03-29. The existing scholarship on women in China suggests that gender inequality still exists against the background of the country's reform and opening in

recent years. However, the situation of women in enterprise ownership and leadership seems to indicate that despite such notions of disadvantage amongst women, some of them are playing a more active and significant role in China's economic development. Based on a series of interviews with female enterprise owners, wives of enterprise owners, and women managers conducted in diverse locations in three different provinces of China, *Tiger Girls* examines the deeper realities of women entrepreneurs in China and, by extension, the role of leading women in the workforce. By analyzing information on these women's personal experiences, careers, and families, this book investigates their status at work and at home, as well as their connections with local politics. The research results suggest that although traces of gender inequality can still be found in these women's lives, they appear to be actively engaged in the business establishment and operation and gradually casting off the leash of domestic responsibilities. This book will be of interest to students and scholars of Chinese Studies, Chinese Business, Chinese Economics, and Asian Studies. Minglu Chen is ARC Postdoctoral Fellow in the Department of Government and International Relations at Sydney University, Australia.
