

Educating Gifted Children

A Definition of Gifted and Talented

(According to the National Association for Gifted Children)

A gifted person is "someone who shows, or has the potential for showing, an exceptional level of performance in one or more areas of expression".

Who is Gifted and Talented?

Educating The Gifted

Kari Lockhart

Educating The Gifted:

Teaching the Gifted Child James John Gallagher, 1964 Methods of teaching children with high IQ s Achieving Excellence Frances A. Karnes, Kristen R. Stephens, 2008 Achieving Excellence Educating The Gifted and Talented provides foundational information relating to the field of gifted education i.e history laws etc details characteristics of gifted students from various populations describes how such students are identified and assessed and presents up to date research based pedagogy relating to curriculum design and instruction It draws upon experts in the field to present content in a practical way so that it is applicable to pre service and classroom teachers Chapter summaries and questions for thought and reflection are included at the end of each chapter to help guide classroom discussion In addition each chapter provides a listing of useful resources that enables the reader to extend their learning on a particular topic or issue Educating the Gifted Tracy Ford Inman, 2023-02-21 Get inspired learn from others and reflect on the joy of making a difference with Educating the Gifted Wisdom and Insights for Inspired Teaching Covering topics such as identification equity in access and opportunity teacher growth advocacy and more this book shares moments of joy practical strategies and effective tips for advanced learning from expert practitioners and leaders who work with gifted students Each chapter begins with a brief exploration of an issue or concept followed by a series of related strategies and ideas and ends with delightful joyful stories from a variety of dedicated professionals in the field on what keeps them going through hard days This uplifting collection is a must read for new teachers excited about their upcoming journey as well as experienced educators and administrators looking to reinvigorate their practice *Methods and Materials for Teaching the Gifted* Jennifer H. Robins, Jennifer L. Jolly, Frances A. Karnes, Suzanne M. Bean, 2021-09-03 The completely revised and updated fifth edition of Methods and Materials for Teaching the Gifted Provides a comprehensive examination of the most current research and best practices in the field of gifted education Addresses identification twice exceptionality and culturally and linguistically diverse learners Includes chapters related to designing curriculum and differentiating instruction Covers developing critical and creative thinking as well as encouraging talent development Features chapter authors who are recognized researchers practitioners and leaders in the field of gifted education The chapters are organized to promote critical thinking and discussion about each topic This text is a complete resource curated for a wide range of K 12 educators and those working with inservice and preservice educators and administrators **Educating the Gifted** Joseph L. French, 1964 **Strategies and Considerations for Educating the Academically Gifted** Neal, Tia, 2023-03-07 Within the discipline of special education is academically gifted education and this distinct area is not typically required as a topic of focus in traditional teacher preparation programs for regular education teachers Therefore it is essential that current research is conducted and published that provides educators both general and special with resources that can assist them in providing gifted students with learning experiences tailored to their individual needs Strategies and Considerations for Educating the Academically

Gifted provides a complete overview of issues relevant to gifted education and contributes to the existing knowledge in the field with the most up to date information to effect positive change and growth Covering key topics such as creativity curriculum models and assessment this reference work is ideal for administrators policymakers researchers academicians scholars practitioners instructors and students

Fundamentals of Gifted Education Carolyn M. Callahan,Holly L. Hertberg-Davis,2012-08-21 The field of gifted education is characterized by a confusing array of perspectives concerning such fundamental issues as definition philosophy curriculum social and emotional development and underserved populations The mission of this book is to provide a coherent framework that instructors and service providers can use in planning effective programs providing appropriate counseling services and evaluating programs for the gifted Most sections are organized around fundamental issues confronting the field and follow a common structure an introductory chapter that provides historical and theoretical background and organizing questions followed by several point of view chapters written by experts that provide varied perspectives on the topic at hand Distinguishing Features Comprehensive Coverage The book s forty five manageable length chapters cover the full range of topics that must be considered in planning programs and services for gifted students both within and outside of school Coherent Structure Section introductions provide background information and organizing questions to guide chapter authors who provide varying views of the issue at hand The emphasis is not on the right way or the wrong way except when clearly documented bad practice is discussed but on how best practice stems from well informed and logical decision making Decision Making Focus The book s introductory chapter addresses the need for a clearly developed and consistently applied set of values to guide decision making Likewise each section introduction includes a decision making framework regarding some aspect of educating counseling or parenting gifted students This book is appropriate for introductory level courses in gifted education or courses in program development and planning It is also suitable for school personnel responsible for making program planning decisions in the area of gifted education and for academic libraries with holdings in this area

Educating the Gifted M. Jean Greenlaw,Margaret E. McIntosh,1988 A concise reference for the education of the gifted Offers an overview of the major aspects of gifted education with extensive annotated bibliographies
