Education Its Nature And Purpose:

Education Montagu Vaughan Castelman Jeffreys,1971 Here is an enquiry into the very nature and purpose of education which will provide a foundation on which more specialized studies in the psychology history and sociology of education can be based Since education is essentially learning to live its problems are the problems of life itself the book therefore surveys the main problems of human life the relation of the individual and society freedom and authority continuity and change i e growth and underlying them all the paradox that aspiration and frustration are continually linked in human experience The educational implications of these various problems are considered in such a way that the methods as well as the aims of education are discussed The special merit of the book lies in the author s attempt to present something of a general philosophy of life i e a survey of the nature and destiny of man and at the same time to see the theory and practice of education in relation to it All those concerned in teaching students and staff in Colleges and University Schools of Education as well as practicing teachers in schools will find here a clear examination and statement of the aims and methods of education in relation to the many personal and social problems which all teachers and taught must face M V C Jeffreys has spent forty years working in practical education mostly in the training of teachers He was Professor of Education at the University of Durham 1939 46 and Professor of Education and Director of the Institute of Education at the University of Birmingham 1946 64 He has also published many books and articles

The Logic of Education Paul Heywood Hirst,R. S. Peters,2011 This book explores the implications for the curriculum for teaching and for the authority structure of schools and colleges of an analysis of education in which the development of knowledge and understanding is accorded a central position The book explains what philosophy of education is and by concentrating on its central concepts initiates readers into exploring it for themselves It also serves as a succinct introduction to the growing literature on philosophy of education in the UK

Whitehead and Philosophy of Education Malcolm D. Evans,2021-10-25 That process philosophy can be the foundation of the theory and practice of educating human beings is the main argument of this book The process philosophy of Alfred North Whitehead 1861 1947 is the particular thinking on which this book is based Readers are shown that Whitehead s process philosophy provides a frame a conceptual matrix that addresses their concerns about education and

offers direction for their educative acts Whitehead theorized that all living entities are connected in some way Relatedness connectedness and holism are recurring themes in this exploration of Whitehead s implied philosophy of education Whitehead never wrote a philosophy of education but his writings over a period of nearly thirty years reveal a persistent interest and concern with education His work ranging from Introduction to Mathematics 1911 to Adventures of Ideas 1938 is drawn on here to construct not Whitehead s philosophy of education but a Whiteheadian philosophy of education Whitehead and Philosophy of Education brings to scholars and students of education an understanding of Whitehead as an important figure in philosophy particularly philosophy of education an acquaintance with process philosophy a brief treatment of Whitehead s life and an account of events and experiences that influenced his philosophizing and an exploration of the educationally salient concepts found in Whitehead s formal and informal philosophy with special attention to Whitehead s ideas about creativity process rhythm wisdom and knowledge Whitehead writes of phases of the rhythm of education romance precision and generalization The book is organized with attention to these three phases Part One Romance introduces readers to Whitehead the person and the change of context for educating from a mechanistic world view to an organismic one Part Two Precision examines Whitehead s writings as they relate to process philosophy and to educating Part Three Generalization is an application of the explorations of Parts One and Two yielding a construction of a Whiteheadian philosophy of education and suggestions for educational practice

Faith Schools and Society Jo Cairns, 2009-04-26 Do faith schools have a place in a plural society Which types of school contribute most effectively to a plural society This fascinating monograph seeks to answer these questions and more by exploring the fit between personal spiritual and academic goals in contemporary educational experience and individual school cultures Jo Cairns a well respected authority on faith schools argues that educational ideology in plural societies has to find a way of recognizing and responding to the predicament of pluralism as it is experienced by individuals and communities This provocative and challenging book will undoubtedly stimulate debate among educationists across the world
