stories of mystical experience      *New Age Religion and Western Culture* Wouter J. Hanegraaff, 2018-09-24 Recent years have seen a spectacular rise of the New Age movement and an ever increasing interest in its beliefs and manifestations This fascinating work presents the first ever comprehensive analysis of New Age Religion and its historical backgrounds thus providing the reader with a means of orientation in the bewildering variety of the movement Making extensive use of primary sources the author thematically analyses New Age beliefs from the perspective of the study of religions While looking at the historical backgrounds of the movement he convincingly argues that its foundations were laid by so called western esoteric traditions during the Renaissance Hanegraaff finally shows how the modern New Age movement emerged from the increasing secularization of those esoteric traditions during the 19th century This ground breaking publication is compulsive reading for all those involved or interested in the New Age movement      *Willing to Change* Mark Thurston, 2005 From this practical and inspirational book for people in life s transition readers are taught how to use the momentum of change to bring more meaning and purpose into their lives for an emergence of a new self      **Alterquest. the Alternative Quest for Answers** Karen Fiala, 2006-08-01 It s the 21st century and what have we got to show for it Does humanity really want to continue its downward spiral or are we ready to create a different reality The purpose of this book is many fold 1 It shows you ways in which our civilization can progress 2 It challenges all the old methods of doing things 3 It offers workable methods which have been tried and proven by individuals and communities all over the globe with the sole purpose of making life better 4 It is interactive It offers its readers an invitation to join the AlterQuest Organization and be part of a practical Global Network for the advancement of our world AlterQuest is the most exciting inspirational book you will ever read Its topics will give you unlimited hope for the present and the future You ll find yourself grasping at every wonderful idea with a renewed sense of enthusiasm Here at last we have the answers we ve all been searching for      **GIZA LEGACY** Rico Paganini, 2021-08-11 Will humans overcome their technical material worldview and find their way back to the freedom of the spiritual world This can only succeed if we can realign with the lost legacies of ancient times and can decipher that wisdom Scientists and spiritual explorers alike are striving to penetrate the hidden worlds of Giza The discoveries they have made are nothing short of breathtaking Some may suspect it while others already know Here both in and below the pyramids lies the key to a liberating truth for all those who seek it the GIZA LEGACY In this groundbreaking book Rico Paganini provides a fascinating overview of developments and discoveries involving the pyramids and the Sphinx Modern technology combined with spiritual sensing abilities enabled him to penetrate spheres that have been blocked until now In the course of two excursions to Egypt over a period of seven years a world shattering realization came to him The real secret of the pyramids has never yet even been recognized It has little to do with how they were built and their incomprehensible size and geometry but instead it has to do with their metaphysical significance and their function as a guidepost to the subterranean world beneath them In this book the author takes us along on some of his expeditions He meticulously documented all that he

experienced in photographs and sketches The book features hundreds of photographs as well as maps and 3D graphics which give us an impression of the structures found both aboveground and belowground in Giza and of newly discovered chambers and even the legendary Hall of Records Giza Legacy paints a picture of a fascinating world in which the meaning of Giza is placed in a greater context that goes far beyond the borders of Egypt It is nothing less than a new or rediscovered human history traced far back to the lost continents of Atlantis and Lemuria The clues are there for all to see wherever the ancient megalithic structures remain And the clues extend far beyond the distant past into the cosmos and the far off constellations of Orion Sirius and the Pleiades Rico Paganini reveals the correlations that have until now been taboo In a fascinating and methodical manner he opens our eyes to the spiritual world behind the mundane material one showing us how through archeological discoveries we can gain access to an entirely new worldview However a shadow has been cast upon the historical remains of the three ancient cultures For years and with increasing tempo a far reaching wall is being built around the pyramids and Sphinx The impressively documents the dimensions and significance of this dramatic development For if they are here both inside and beneath the structures the answers to great questions of humanity lying hidden then should scientific and spiritual researchers remain excluded from their discovery Who or what lies behind the ridiculously extensive Giza Wall Where do we come from Where are we going This book will affect those who ask themselves such questions It is not just an extremely thorough report on the world wonders in Egypt but a report about the spiritual hope of humankind

**Edgar Cayce in Context** K. Paul Johnson, 2016-03-22 Edgar Cayce widely acclaimed clairvoyant and forerunner of the holistic health movement is revealed here as a pivotal figure in the transition from the esoteric and metaphysical movements of the late nineteenth century to the New Age movement This book describes and evaluates his psychic readings more than 14 000 trance discourses that address medical theological historical and psychological concerns raised by thousands of inquirers The author evaluates evidence for and against Cayce s reliability in the subject areas emphasized by the readings Cayce s medical and psychological advice is shown to be well ahead of his time in many respects and his spiritual teachings are appraised as a reconciliation of Protestant mysticism with New Thought and Theosophy Although the medical readings provide intriguing evidence for Cayce s ESP his clairvoyant time travel illustrates the fallibility of information derived through hypnotic trance The author contends that the contents of the readings reflect the knowledge and interests of their recipients as much as Cayce s personal opinions and beliefs This is the first book to focus solely on appraising the entire body of the Cayce readings from a scholarly perspective Earth's Catastrophic Past and Future William Hutton, Jonathan Eagle, 2004-08 Edgar Cayce America s best documented psychic gave upwards of 44 readings that dealt with lost continents geophysical changes to Earth beginning 1958 1998 and a pole shift due to begin about now In this book geologist William Hutton and researcher Jonathan Eagle look for correspondences between results of geophysical research studies and psychic descriptions of prehistoric catastrophes They also seek scientifically to test readings predictions of catastrophic Earth

**Boiling Point 2017** Richard Denis, 2011-11-22 Most people are unaware that they are in the most violent war of all times and the number of casualties will be in the billions The pit of hell has been opened and demons have been gathering in souls for damnation Loss of faith in God has allowed these demons to come upon the earth and it is possible that the world will soon experience the Great Tribulation spoken of in the Bible Few will survive *Souls of Distortion Awakening* J. Wicherink, 2006-02-17 This book reunites science and spirituality after her roads separated 300 years ago More and more scientists are discovering that both disciplines are only two sides of the same coin We are on the verge of a major paradigm change in science where the immaterial subjective world of the mind can no longer be separated from the objective material world This leap in human consciousness was already foreseen by the ancients and American indigenous people like the Maya Hopi and Aztecs who prophesized that this transformation of consciousness would take place in our time This book takes you on a journey from the ancient wisdom to the most modern scientific insights and demonstrates how both can be united

Apocalypse Pretty Soon Alex Heard, 2000-01-04 The inspired madness of America s apocalyptic and pre millennial organizations may have reached a fever pitch with the turn of the twenty first century but intrepid cultural traveler Alex Heard spent a ten year period witnessing the crescendo firsthand Heard s enthusiasm led him on errands as diverse as being a voyeur at a Republic of Texas militia standoff accompanying an expectant UFO greeting party to a remote

field in Minnesota and enacting the grief of the California quail at an ad hoc therapy group for fierce environmentalists who believe the earth is an actual living entity that's preparing to kill off its human population and soon or at least pretty soon. Amazing as it may seem however throughout this trenchant subcultural travelogue Heard never stoops to ridicule his subjects. As one reviewer puts it Heard's real achievement may be that he makes us care in a way that is more than voyeuristic about the colorful characters he meets on the road to the new millennium. He takes these people seriously allows his assumptions to be challenged and lets himself find that some of their beliefs and fears reflect his own. San Jose Mercury News Apocalypse Pretty Soon will appeal to science fiction fans and students of subcultures as well as anybody interested in way out alternatives to the brave new world. **Passage to the Millennium** Mary Ellen Carter, 2013-12-24 Cayce shines his intuitive light on the new millennium. Carter looks at the unprecedented changes taking place around the planet which were not envisioned by futurists social planners even as recently as a few years ago and were foreseen by Cayce. This is Cayce's New World Order and how to survive in it.

My Neighbors' Ghosts Katie Letcher Lyle, 2007 The author relates the amazing and true stories of her friends and neighbors and their encounters with ghosts. **The Earth Changes Survival Handbook** Page Bryant, 1983 Christian Millenarianism Stephen Hunt, 2001-08-22 To grasp this subject one needs a multifaceted multidisciplinary approach by a variety of expert hands such as have been brought together in this book. Here one has the whole argument from the inter Testamental and earliest Christian periods through medieval and early modern times up to the complex overlaps with the New Age or Pentecostalism and Neo Pentecostalism or Judaising movements like the Seventh Day Adventists and the Peruvian Israelites from the Foreword by David Martin. Students with a serious interest in the manifestations of millennialism and those concerned with the origins and motivations embraced by revolutionary ideologies will find this book an indispensable resource for laymen. It offers a truly fascinating read. Bryan R Wilson. This timely book examines the impact of Christian millenarian ideas in a comparative and historical perspective with a special emphasis on contemporary religious movements inspired by such ideas. Its

influence is gradually being felt in all areas of life This is the time for spiritual renewal and the turning point for the shifting of consciousness Contrary to the period of mental bondage prejudice and religious bigotry which was the Piscean Era characteristic we are awakening to another chapter of human history leading to the realization of the Oneness of life and the human race s interconnectedness The world is currently undergoing radical socio economic and political upheavals because we are transitioning from one chapter of human history to another Some religious leaders and sensationalistic New Age writers have taken these dramatic changes as signs of the end of the world Contrary to that this work postulate that the challenging events indicate the close of one chapter of human history and the beginning of a new one We embrace and celebrate the coming of a new age of enlightenment the awareness of human beings brotherhood      **The Haunting of**
