Edge Of Certainty Dilemmas On The Buddhist Path:

The Edge of Certainty Peter G. Fenner, 2002 This intriguing book challenges common conceptions and misconceptions about traveling the Buddhist path to enlightenment The author asks the questions that some dare not Is spiritual freedom gained through effort and struggle or by giving up our need for things to be different How do we really know if our spiritual activities are moving us closer to our goal or just keeping us from experiencing freedom in the here and now Does our need for spiritual guidance point us in the right direction or is it simply an expression of our habitual and futile need to know what cannot be known Peter Fenner approaches these questions by first providing clear and illuminating summaries of the orthodox and unorthodox ways of the many different Buddhist traditions He traces his own experiences with such practices as mindfulness meditation Vipassana the transformational tools of Tantra and the natural meditations of the Dzogchen tradition He contrasts the traditional approach of change through practice with the non traditional Western need for immediacy Fenner shows us how the paradoxes that emerge on the spiritual path can be used to deconstruct our fixations about getting it or losing it if I give up everything will I gain fulfillment Ultimately he provides answers that are as proactive as his questions

Problems in the Philosophy of Religion Harold Hewitt Jr, 2016-07-27 In 1989 John Hick published his Gifford Lectures under the title An Interpretation of Religion a work which provided important new insights about the nature of the world's religions Soon after a group of scholars from around the world gathered in Claremont California to discuss analyze and criticize An Interpretation of Religion This book is a written record of those proceedings including Hick's responses that serves to clarify both Hick's position as well as the issues which concern his critics **The Path to Inner Peace** Larry Wharton, 2012-10-18 We are challenged by life's difficulties and by people not doing what we want We desire the world to be different than it is and it refuses to comply Inner peace is the only answer but we cannot get to inner peace using gurus seminars workshops or meditation as good as those may be This book cuts through all the esoteric advice and gets directly at what we have to understand about ourselves and have to do to attain inner peace The key Only with help from those who care for us can we begin the journey **The Noble Eightfold Path** Bhikkhu Bodhi, 2010-12-01 The Buddha's teachings center around two basic principles One is the Four Noble Truths in which the Buddha diagnoses the problem of suffering and indicates the treatment necessary to remedy this problem The other is the Noble Eightfold Path the practical discipline he prescribes to uproot and eliminate the deep underlying causes of suffering The present book offers in simple and clear language a concise yet thorough explanation of the Eightfold Path Basing himself solidly upon the Buddha's own words the author examines each factor of the path to determine exactly what it implies in the way of practical training Finally in the concluding chapter he shows how all eight factors of the path function in unison to bring about the realization of the Buddhist goal enlightenment and liberation The End of Divine Truthiness: Love, Power, and God Paul Joseph Greene, 2017-08-01 In The End of Divine Truthiness Paul Joseph Greene confronts stark realities of terrifying theologies that make a mockery out of divine love With urgent resolve Greene answers Martin Luther King Jr's pointed challenge to overcome reckless and abusive power without love and sentimental and anemic love without power Too many theologies cast God either as the tyrant whose loveless power lifts up the mighty or the victim whose powerless love sends the poor away empty Wielding Stephen Colbert's word truthiness as a scalpel Greene slices out one perilous theology after another to restore the wholesome truth that God is love Supported by three world religions Buddhism Christianity and Taoism he discovers a remarkably harmonious and revolutionary divine power that is fully aligned with divine love To reunify love and

power here in the world as King challenges it is time to abandon ideologies of divine power that devastate divine love and promote atrocities Greene's call for the end of divine truthiness heralds a new day for the God whose love is power and whose power is love **Books in Print Supplement** ,2002 Collected Wheel Publications Volume XX Vidagama Maitreya, Mahasi Sayadaw, Susan Elbaum Jootla, Nyanaponika Thera, Ria Kloppenborg, Bhikkhu Bodhi, 2013-01-01 This book contains fifteen numbers of the renowned Wheel Publication series dealing with various aspects of the Buddha's teaching 296 97 The World's True Welfare Vidagama Maitreya 298 300 Thoughts on the Dhamma Mahasi Sayadaw 301 02 Investigation for Insight Susan Elbaum Jootla 303 04 Contemplation of Feelings Nyanaponika Thera 305 07 The Paccekabuddha A Buddhist Ascetic Ria Kloppenborg 308 11 The Noble Eightfold Path Bhikkhu Bodhi **Pierre Teilhard de Chardin and Carl Gustav Jung: Side by Side** Fred Gustafson, 2015-03-21 Pierre Teilhard de Chardin and C G Jung Side by Side is an anthology written by authors from different backgrounds sharing how the lives of Pierre Teilhard de Chardin and Carl Gustav Jung impacted them personally and or how they understand the relevance of these two men for our present times Contributors to this fourth volume of the Fisher King Review include John Dourley Peter Dunlap Barbara Faris Fred R Gustafson John Giannini Richard W Hanhardt Robert Henderson Steven B Herrmann Jane A Kelley Jon Magnuson Francisco Paco Martorell Stan V McDaniel Dennis L Merritt and Laura A Weber Though C G Jung and Pierre Teilhard de Chardin never met their independent intellectual inquiries and courageous researches pushed the personal and collective soul forward and placed both of them at the foreground of needing to understand and integrate on a planetary level the core values of their expansive work Both Jung and de Chardin were concerned with science and religion and operated within these paradigms Both of them shook the world by offering up views on one hand of the profound depths of the human psyche and on the other presenting a profound re-consideration of evolution as a process leading toward a social unification of the planet One used the concept of individuation the other spoke of evolution Each took these concepts to a creative depth so much so that the world they lived in either deeply admired or detested them Both had conflicts in their chosen fields Jung was a psychologist who used the field of science to explore the religious depths of the human soul by studying mythology world religions folk tales dreams and human behavior Chardin used the ground of religion to work in the field of science via paleontology geology and physics as he explored a deeper and relevant understanding of evolution Though each began from different intellectual platforms they each crisscrossed into the other's territory of inquiry and related their ideas to include the full scope of humanity One went deeply into soul and found matter whereas the other went deeply into matter and found soul In their own ways both spent their careers trying to heal the split between spirit and matter in the weltanschauung of their times reflected in the human psyche and in the general religious views permeating most of Western culture Bernard Lonergan's Third Way of the Heart and Mind John Raymaker, 2016-09-30 Today the world is confronted with many religious wars and the migrations of millions of persons due to these conflicts There is a need for informed dialog as to the roots of the conflicts and

ways of addressing these in ways that speak to peoples minds and hearts This is what this book attempts to do from the viewpoint of major religious and ethical thinkers The book relies on Bernard Lonergan s foundational method to address problems systematically with a view to achieve breakthroughs in our openness to one another The book appeals to the teachings of the Buddha Jesus and Mohammad relying on the mystical and insights of these religious founders as well as those of dozens of their followers so as to find commonalities that can build bridges of mercy A global secularity ethics plays a leading role in this book s bridging efforts
