Educational Issues And Problems An Ecological Approach:

ENVIRONMENTAL EDUCATION Issues and Challenges Dr. M. RAJAKUMAR, Dr. A. SELVARAJ, 2017-04-08 Environmental education EE refers to organized efforts to teach about how natural environments function and particularly how human beings can manage their behavior and ecosystems in order to live sustainably *Thinking Ecologically in Educational Policy and Research* Sarah Winchell Lenhoff, Jeremy Singer, Michael Gottfried, 2024-02-29 This book places a focus on educational ecosystems that is understanding the complex nature of educational experiences and promoting a coordinated set of policy and practice solutions to address interrelated problems that manifest in school and student outcomes Educational policy and politics have been dominated by school improvement initiatives that locate educational problems and solutions in schools themselves rather than in the systemic and structural roots of those problems segregation poverty and histories of compounding inequality Youth outcomes that we associate with schools e.g achievement attendance graduation are the consequences of systemic structural and environmental factors that interact with the lived experiences of students in their communities and schools This insightful volume provides examples of how to understand and analyse educational issues ecologically and evidence on the opportunities and challenges with forging cross sector partnerships to address educational issues ecologically *Thinking Ecologically in Educational Policy and Research* will be a key resource for practitioners and researchers of education leadership and policy educational administration educational research educational studies and sociology This book was originally published as a special issue of the Peabody Journal of Education *International Handbook of Research on Environmental Education* Robert B. Stevenson, Michael Brody, Justin Dillon, Arjen E.J. Wals, 2013-05-02 The environment and contested notions of sustainability are increasingly topics of public interest political debate and legislation across the world Environmental education journals now publish research from a wide variety of methodological traditions that show linkages between the environment health development and education The growth in scholarship makes this an opportune time to review and synthesize the knowledge base of the environmental education EE field The purpose of this 51 chapter handbook is not only to illuminate the most important concepts findings and theories that have been developed by EE research but also to critically examine the historical progression of the field its current debates and controversies what is still missing from the EE research agenda and where that agenda might be headed Published for the American Educational Research Association AERA **School Social Work Services in Federally Funded Programs** Hope M. Bland, Ashraf Esmail, 2012-10-08 This book identifies the barriers between social work intervention in education and government funded programs that impact African American students The chapters approach these issues from a child centered perspective which has proven critical in developing positive and sustainable relationships with African American students As children begin to understand more about their lives and the world around them they also develop opinions that help them identify who they are as individuals and where they see themselves in the world From a qualitative research

methodology approach trust has been identified as a fundamental factor and potential barrier among all variables acknowledged Interviews with ten African American high school and college students were conducted to discuss their perspectives on education family life peer interaction and social work intervention
