An in-depth account of the events that occurred in the year 1919 to 1930 is provided. The events that occurred in the year 1930 to 1945 are completely presented. A chapter is devoted to the events that occurred in the year 1945 to 1960. Another section focuses on the events that occurred in the year 1961 to 1977. A History of British Publishing covers six centuries of publishing in Britain from before the invention of the printing press to the electronic era of today. John Feather places Britain and her industries in an international marketplace and examines just how British publishing really is. Considering not only the publishing industry itself but also the areas affecting and affected by it, Feather traces the history of publishing books in Britain and examines education, politics, technology, law, religion, custom, class, finance, production, and distribution. The onslaught of global corporations. Specifically designed for publishing and book history courses, this is the only book to give an overall history of British publishing and will be an invaluable resource for all students of this fascinating subject. *The Professional Literary Agent in Britain, 1880-1920* Mary Ann Gillies, 2007-01-01 Breaking new ground in the study of British literary culture during an important transitional period, this new work by Mary Ann Gillies focuses on the professional literary agent whose emergence in Britain around 1880 coincided with and accelerated the transformation of both publishing and authorship. Like other recent studies in book and print culture, *The Professional Literary Agent in Britain 1880-1920* starts from the central premise that the business of authorship is inextricably linked with the aesthetics of literary praxis. Rather than provide a broad overview of the period, however, Gillies focuses on a specific figure, the professional literary agent. She then traces the influence of two prominent agents: A. P. Watt, generally acknowledged as the first professional literary agent, and J. B. Pinker, the leading figure in the second wave of agents focusing on their respective relationships with two key clients. The case studies not only provide insight into the business dynamics of the literary world at this time but also illustrate the shifting definition of literature itself during the period. The Cambridge Bibliography of English Literature Joanne Shattock, 1999 Publishing in the First World War M. Hammond, S. Towheed, 2007-05-16 This book explores the publishing and reading practices formed and changed by the First World War. From an exploration of British and Australian trench journals to the impact of war on the literary figures of the home front, the essays provide new information about the production, circulation, and reception of reading matter during this time. Popular imperialism and the military, 1850-1950 John M. MacKenzie, 2017-03-01 Colonial war played a vital part in transforming the reputation of the military and placing it on a standing equal to that of the navy The book is concerned with the interactive culture of colonial warfare with the representation of the military in popular media at home and how these images affected attitudes towards war itself and wider intellectual and institutional forces It sets out to relate the changing image of the military to these fundamental facts For the dominant people they were an atavistic form of war shorn of guilt by Social Darwinian and racial ideas and rendered less dangerous by the increasing technological gap between Europe and the world Attempts to justify and understand war were naturally important to dominant people for the extension of imperial power was seldom a peaceful process The entertainment value of war in the British imperial experience does seem to have taken new and more intensive forms from roughly the middle of the nineteenth century Themes such as the delusive seduction of martial music the sketch of the music hall song powerful mythic texts of popular imperialism and heroic myths of empire are discussed extensively The first important British war correspondent was William Howard Russell 1820 1907 of *The Times* in the Crimea The 1870s saw a dramatic change in the representation of the officer in British battle painting Up to that point it was the officer s courage tactical wisdom and

Novel Pedagogy Liwen Zhang, 2024-10-01 Is the novel a category of knowledge that merits serious study Even if the novel has shed the stigma of being mindless entertainment one might easily assume that reading a novel is not studying unless one reads closely and carefully preferably from a scholarly edition or for a scholarly purpose *Novel Pedagogy* explores how Victorian writers envisioned the novel's potential to become knowledge long before the form's ascendance into the ivory tower Liwen Zhang argues that Victorian novelists' constant critique of schooling on the one hand and their frequent invocation of deep knowledge on the other are not self-contradictory Instead of offering a blissful escape from education writers such as William Thackeray Charles Kingsley Charles Dickens Elizabeth Gaskell George Eliot and George Gissing seek to offer uniquely novelistic pathways to knowledge *Novel Pedagogy* offers a new model of novelistic epistemology by showing how the novel unlike other educational genres reflects on the unpleasant realities of learning and of not learning amid the ubiquity of ineffective textbooks reluctant students and false motivations *Nordic Sagas as Children's Literature* Velma Bourgeois Richmond, 2023-08-25 This book examines translations of Icelandic sagas and the Victorian and Edwardian children's literature they inspired some of which are canonical while others are forgotten It covers authors like William Morris Henry Wadsworth Longfellow Thomas Gray Walter Scott H Rider Haggard W H Auden John Greenleaf Whittier and more In lavish volumes and modest schoolbooks British and American writers claimed Nordic heritage and explored Nordic traditions The sagas offered a rich and wide-ranging source for these authors Volsunga saga's Sigurd the dragon slayer King Olaf's saga of opposing Nordic Gods and Christianity Frithiof's model of headstrong youth beset with unfair opposition and lost love Grettir and Njal tell of men who accepted fate and met conflict and enemies unflinchingly Aslaug Gudrida Hallberga and Hervar exerted remarkable influence and Eric the Red and Leif the Lucky provided Americans with a Nordic heritage of discovery *Edinburgh Companion to the First World War and the Arts* Ann-Marie Einhaus, 2017-05-24 A new exploration of literary and artistic responses to WW1 from 1914 to the present This authoritative reference work examines literary and artistic responses to the war's upheavals across a wide range of media and genres from poetry to pamphlets sculpture to television documentary and requiems to war reporting Rather than looking at particular forms of artistic expression in isolation and focusing only on the war and inter-war period the 26 essays collected in this volume approach artistic responses to the war from a wide variety of angles and where appropriate pursue their inquiry into the present day In 6 sections covering Literature the Visual Arts Music Periodicals and Journalism Film and Broadcasting and Publishing and Material Culture a wide range of original chapters from experts across literature and the arts examine what means and approaches were employed to respond to the shock of war as well as asking such key questions as how and why literary and artistic
