Flash Photography Bryan Peterson,2011-08-30 Flash is a necessary and immensely creative tool that dramatically increases
the opportunities of any amateur photographer However many amateurs find flash intimidating unsure of where to begin
Instead they continue limiting themselves to shooting only available light Understanding Flash Photography is a guide to off
camera flash helping free photographers from auto to get the images they want when natural light isn t enough If you ve
been afraid to venture past natural light here is the book that will finally help you explore the exciting possibilities of
artificial light Author Bryan Peterson starts by breaking down how flash works then dispels the widely held myth that
automatic TTL flash exposure is easier explaining how to quickly master manual flash exposure to control the quality shape
and direction of light For the hundreds of thousands who found Understanding Exposure an exciting tool in moving past auto
exposure in available light Understanding Flash Photography is the essential companion to mastering the often challenging
