Elegies Other Poems Hocquard:

Elegies, and Other Poems Emmanuel Hocquard, 1989 This collection of Hocquard's work includes the first five Elegies originally published by P O L Paris 1979 and 1987 in translations by the Australian poet novelist John A Scott **Emmanuel Hocquard and the Poetics of Negative Modernity** Glenn Williams Fetzer, 2004 This critical work explores written and visual texts in light of the writer's understanding of negative modernity and professed adherence to its dimension of literality In his pursuit of literality contemporary writer poet Emmanuel Hocquard enacts a model of the discontinuous organization of language a poetic practice known to some as an action poetique This book gives special attention to essays letters poems fictions etc and also pursues the poet's attraction to Deleuze Wittgenstein and Rousseau Professor Fetzer presents features of Hocquard's writings that reflect the imprint of negative modernity and explores these dimensions through interpretive readings **Experimentation and the Lyric in Contemporary French Poetry** Jeff Barda, 2019-10-17 Experimentation

and the Lyric in Contemporary French Poetry offers a new theoretical approach and historical perspective on the remarkable upsurge in creative poetic practices in France that have challenged traditional definitions of poetry and of the lyric Focusing on the work of Pierre Alferi Olivier Cadiot Emmanuel Hocquard Franck Leibovici Anne Portugal and Denis Roche this book provides an analysis of the most influential poets in French poetry of the last few decades It contextualizes the theoretical models that inform their investigations analyzing them alongside the history of the avant garde and the heated theoretical debates that have taken place over whether to continue or bring an end to the lyric Systematically addressing the various strategies employed by these poets and drawing on reception theory and cognitive studies Jeff Barda argues that French radical poetics re-evaluates the lyric in cognitive terms beyond the personal This book is essential reading for anyone interested in twenty first century forms of experimental writing and the connections between literature and the arts today

Small Press Record of Books in Print, 1992 **Elegies** Emmanuel Hocquard, 2025-11-25 The central works of one of France's most renowned poets now translated into English for the first time Emmanuel Hocquard's Elegies lie at the core of his oeuvre one of the most admired in contemporary French poetry Written over some twenty five years the elegies trace an expressive thread throughout the whole of his work as they wander through a capacious past and like rolling thunder make that past larger and larger Whose past is it And to whom does the past in general belong Hocquard seems to suggest that like air and water the past is a commons shared by all for while these works are studded with vivid autobiographical glimpses they also sweep through wide swaths of the ancient world as well as contemporary markets streets and other public places overhearing conversations and capturing quotidian details Elsewhere Hocquard has distinguished between two types of elegiac poet the classic and the inverse He goes on to say that the classic ruminates on the past while the inverse remakes it They both love anecdote he says but for the classic anecdote saves a memory from oblivion while for the inverse it is a tiny clue that opens up a new path a path toward the present Hocquard is clearly an inverse elegiac poet his Elegies are full of

rich anecdotes and they all lead us to an ever expanding present *N* John A. Scott, 2014-04-01 The accidental death of MP Norman Cole precipitates a hung parliament allowing a core of extreme right wing politicians to seize power Telford a high ranking but unworldly public servant is approached by Cole s wife who believes her husband was murdered and asks him to investigate on her behalf The reward for this he hopes will be her love Despite the bizarre and threatening nature of his investigations he remains convinced that the scribbled note about the meeting with N holds the key to what he seeks Meanwhile in an increasingly nightmarish city in a countryside owing more to the Middle Ages than to the 1940s or in two distant prison camps a range of Australians struggle to find their own truths a way back to love and a means of survival be it Roy and Vic each struggling to validate and empower their painting be it the artist s model Missy torn between passion and fidelity or the writer Henningsen and Head of the Emergency Government Warren Mahony each battling with their tenuous sanities Told in a wide range of styles *N* is a remarkable work of imagination woven about two unforgettable love stories

Toward a New Poetics Serge Gavronsky, 1994-12-01 A quiet revolution is taking place in avant garde French poetry and prose In this collection of twelve interviews with some of France s most important poets and writers Serge Gavronsky introduces American readers to these exciting new developments As Gavronsky explains a neolyricism is now replacing the formalism of the 1960s 70s and 80s In his substantial introduction Gavronsky notes how the ideological definition of writing critique has given way to more open forms of writing Human experiences of the most ordinary kinds are finding a place in the text These interviews offer a view of the poets and writers creative processes and range over such topics as current literary theory the impact of American poetry in France and the place of feminism in contemporary French writing Each interview is accompanied by samples of the writer s work in French and in Gavronsky s English translations Toward a New Poetics provides a highly informative cultural and critical perspective on contemporary writing in France introducing us to works which are now transforming the idea of literature itself Shearsman , 1995 Destiny, the Inward Quest, Temporality and Life Anna-Teresa Tymieniecka, 2011-04-20 There is no greater gift to man than to understand nothing of his fate declares poet philosopher Paul Valery And yet the searching human being seeks ceaselessly to disentangle the networks of experiences desires inward promptings personal ambitions and elevated strivings which directed his her life course within changing circumstances in order to discover his sense of life Literature seeks in numerous channels of insight the dominant threads of the sense of life the inward quest the frames of experience in reaching the inward sources of what we call destiny inspired by experience and temporality which carry it on This unusual collection reveals the deeper generative elements which form sense of life stretching between destiny and doom They escape attention in their metamorphic transformations of the inexorable irreversibility of time which undergoes different interpretations in the phases examining our life Our key to life has to be ever discovered anew **The Gardens of Sallust, and Other Writings** Emmanuel Hocquard, 1994

Catalogue of Little Press Books in Print Published in the United Kingdom , 1997 *Selected Poems* John A.

Scott,1995 This collection brings together poems prose poems and narrative sequences spanning a period of over twenty years from the early free form sonnets of the sixties through to the almost filmic narratives of the mid eighties

Palimpsests of the Real in Recent French Poetry Glenn W. Fetzner,2021-08-30 The richness and diversity of poetic voices in France since the mid twentieth century sharpen the challenge of charting the poetic landscape in ways that are accessible and cohesive Since poetry in France has long demonstrated a predisposition to philosophical questions Palimpsests of the Real in Recent French Poetry reads the work of six poets through the lens of the Pre Socratics The poets discussed range from the well known Jacques Dupin Andr du Bouchet Eug ne Guillevis to the lesser celebrated Jean Louis Chr tien C line Zins and Emmanuel Hocquard What binds these six together is an interest in the real and a fascination with the ways of sensing one s world of experiencing time unity memory and change For each poet the aesthetic character of the work takes precedence and its presentation is informed by the philosophical groundwork laid by ancient thinkers Written not only for specialists but also for students and all readers with a general interest in literature and poetry this book provides introductory material to each poet considered as well as offers critical readings that never stray far from the poetic texts
