## Elfquest Gatherum:

**The Elfquest Gatherum** Richard Pini, 1988      The Big Elfquest Gatherum Cherie Wilkerson, Richard Pini, 1995-06  
Grade level 6 7 8 9 10 11 12 e i s      *Cartoonists, Works, and Characters in the United States through 2005* John  
Lent, 2006-04-30 This penultimate work in John Lent's series of bibliographies on comic art gathers together an astounding  
array of citations on American cartoonists and their work Author John Lent has used all manner of methods to gather the  
citations searching library and online databases contacting scholars and other professionals attending conferences and  
festivals and scanning hundreds of periodicals He has gone to great length to categorize the citations in an easy to use  
scholarly fashion and in the process has helped to establish the field of comic art as an important part of social science and  
humanities research The ten volumes in this series covering all regions of the world constitute the largest printed  
bibliography of comic art in the world and serve as the beacon guiding the burgeoning fields of animation comics and  
cartooning They are the definitive works on comic art research and are exhaustive in their inclusiveness covering all types of  
publications academic trade popular fan etc from all over the world Also included in these books are citations to  
systematically researched academic exercises as well as more ephemeral sources such as fanzines press articles and fugitive  
materials conference papers unpublished documents etc attesting to Lent's belief that all pieces of information are vital in a  
new field of study such as comic art      **The Comics Journal**, 1981      **Dreaming the Graphic Novel** Paul  
Williams, 2020-01-17 Winner of the Best Book Award in Comics History from the Grand Comics Database Honorable Mention  
2019 2020 Research Society for American Periodicals Book Prize The term graphic novel was first coined in 1964 but it  
wouldn't be broadly used until the 1980s when graphic novels such as *Watchmen* and *Maus* achieved commercial success  
and critical acclaim What happened in the intervening years after the graphic novel was conceptualized yet before it was  
widely recognized *Dreaming the Graphic Novel* examines how notions of the graphic novel began to coalesce in the 1970s a  
time of great change for American comics with declining sales of mainstream periodicals the arrival of specialty comics  
stores and at least initially a thriving underground comix scene Surveying the eclectic array of long comics narratives that  
emerged from this fertile period Paul Williams investigates many texts that have fallen out of graphic novel history As he  
demonstrates the question of what makes a text a graphic novel was the subject of fierce debate among fans creators and  
publishers inspiring arguments about the literariness of comics that are still taking place among scholars today Unearthing a  
treasure trove of fanzines adverts and unpublished letters *Dreaming the Graphic Novel* gives readers an exciting inside look  
at a pivotal moment in the art form's development      **U-X-L Graphic Novelists** Tom Pendergast, Sara Pendergast, 2007
